

TREATY ENEMIES VICTORIOUS

PALMER TO TALK WITH GOMPERS AGAIN

Two Meetings Held Today
and President Wilson
Is Consulted

LABOR SITUATION IS LAID BEFORE CABINET

Will Not Cancel Injunction
Action Until Walkout
Is Called Off

WASHINGTON, Nov. 7.—Two conferences today between President Samuel Gompers of the American Federation of Labor and Attorney General Palmer, and the announcement of a third conference later in the day, brought hope here that the strike of coal miners is near an end.

Gompers' first conference with Palmer was just before the cabinet meeting. It was followed by a short talk between Palmer and President Wilson. The second conference was after the cabinet meeting and the third will be held when Palmer returns from the capitol where he went to testify before a House committee.

No formal statements were issued either from the cabinet meeting or from the conference between Gompers and Palmer.

Palmer said, however, after the cabinet meeting that the federal injunction against the coal miners will be vacated just as soon as the coal miners cancel their strike call.

Before the cabinet session, Palmer also talked with Matthew Woll, vice president, and Frank Morrison, secretary, of the American Federation of Labor.

Leaving the Department of Justice, Palmer went direct to President Wilson's sick room in the White House and had a short talk with the president.

Strikes and Unrest.

The strike situation and unrest throughout the country were the chief matters brought before the members at the cabinet meeting, it was stated.

Rail Director Hines' reply to the wage demands of the railroad brotherhoods was expected to be taken under consideration. As soon as it is approved this answer will be submitted to the railway men, who will take a referendum strike vote to decide whether Hines' concessions are satisfactory.

The mine strike was to be brought up by Attorney General Palmer. The injunction suit in Indianapolis and the miners' counter suit were to be discussed.

Another matter to be taken up was the calling of another industrial conference, to endeavor to arrange an industrial code for permanent settlement of the differences between employer and employee. There were several propositions before the cabinet, but President Wilson's idea of a "council of 13" was understood to be favored over the others.

Secretary Baker was expected to inform his colleagues of troop dispositions made by the war department in connection with the coal strike.

The high cost of living fight has not been forgotten by Attorney General Palmer. He made a speech about it at Harrisburg yesterday and today planned to talk it over with the other cabinet members.

Money to Fight Profiteers. Palmer has just received the appropriation asked of congress to enable him to proceed more vigorously against profiteers. An outline of his plan of campaign was ready to be discussed. It also was considered likely that cabinet members would ask Palmer about the progress of prohibition enforcement under the war dry law.

While this meeting was the principal business at the White House today, congress was partially occupied with legislation to stop the spread of bolshevism in America.

Enactment of legislation to enable

CONFERENCES LEAD TO BELIEF THAT COAL STRIKE NEARS END

First Payment for Sugar Beets to be Made Nov. 15 By Holly Co. to Growers

WITH the sugar making campaign in the Orange county factories practically at an end, checks are soon to be made out and mailed to growers for a large portion of the sugar beets delivered by them during the campaign. The Holly Sugar Co. about Nov. 15 will make its first payment. That payment will be \$12 a ton for fifteen per cent beets.

The amount to be paid for beets hit some other lines of products, there this year carried with it the sale prices of sugar as a basis of pay. The Holly company has sold a large share of the sugar it has produced this year, and is the more in a position to make a big payment at this time. A small payment will be made after the winding up of the sales is made, which is likely to be very soon.

The Holly plant at Huntington Beach closed its run two weeks ago, and the Santa Ana Sugar Co., a Holly company, finished its run at 7 o'clock this morning. The Anaheim plant, owned by the Anaheim Sugar Co., will close the season next week.

While the sugar beet production in many fields was cut heavily by reason of the same climatic conditions that

hit some other lines of products, there were a good many fine fields of sugar beets produced this year. A good many fields produced from \$200 to \$300 an acre, and an occasional field brought in as much as \$350 an acre.

Acres Campaign Soon.

The sugar companies will commence their acreage campaign soon. Field men of the companies will be out among the growers soon offering contracts for growing beets for the coming year. The indications are that a heavier acreage will be signed up this year than was signed for the season now ending.

"The acreage outlook is good," said Manager Johnson of the Holly com-

(Continued on page two)

BOOTHS WILL HELP GLEAN RED CROSS DOLLARS

C. D. Swanner's Canvassers Now Leading Race With 503 Memberships

ANY person in the southern half of Orange County who has not had an opportunity to join the American Red Cross for 1920 will have the opportunity to do so tomorrow, Monday or Tuesday at Red Cross booths to be established on Fourth street.

Although 1753 names have been enrolled and reported to headquarters up to today, those handling the drive for members for the Red Cross feel that there may be a good many people who were away from home when canvassers called and who may not be seen by the canvassers, most of whom are still making their house-to-house calls. Those who may have been missed may pay their dollars at the booths.

Mrs. Susie Rutherford, drive chairman for Santa Ana chapter, has appointed Mrs. Marie Timmons to have charge of the booths, and Mrs. Timmons very quickly arranged for that phase of the work. Two booths are to be established this afternoon, one at the corner of Fourth and Sycamore and the other at Fourth and Main.

In the friendly rivalry between the five districts of the city, the business district, captained by Attorney C. D. Swanner, today took first place. This was the first time since the drive began that the southwest section, captained by Miss Lula Minter and Mrs. J. P. Hatzfeld, slipped back from first place.

High Score 503 Memberships. Swanner's canvassers have now turned in 503 memberships, and the southwest section has 467. The northeast section, in which Mrs. J. H. Rankin and Miss Sarah Finley are captains, have 326, and the southeast section, captained by Mrs. Victor Montgomery and Miss Gertrude Montgomery, have 271. The northwest section, with Mrs. W. B. Tedford and Mrs. Lea Warren as captains, are going to make a heavy report this afternoon, so that the total of 154 will go skyward.

Among 100 per cent places added to the list of those where everyone has joined the Red Cross are the Spurgeon school faculty, the McKinley school faculty, and Jack Olivari's garage.

Red Cross booths are to be established at Birch Park for taking memberships during the Armistice Day celebration on Tuesday.

INDICTED MAGAZINE PUBLISHER JAILED

LOS ANGELES, Nov. 7.—Sydney Flowers, president of the "Allied War Veterans" and publisher of "The Dug-out," a magazine for discharged soldiers, is under arrest here today charged with violating the criminal syndicalism law. He is in jail in default of \$15,000 bail.

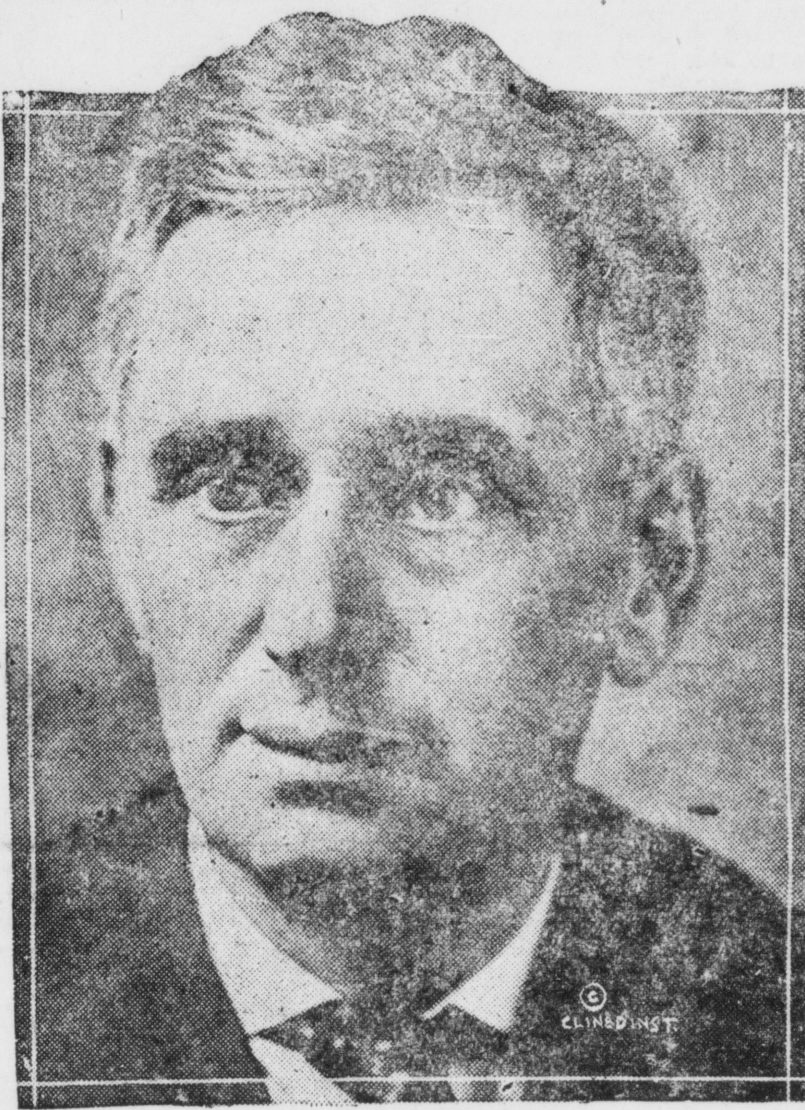

Flowers was indicted by the grand jury yesterday following two raids on his offices here and one on a printing office in Long Beach. It is alleged Flowers was devoting himself and his magazine to disseminating I. W. W. and revolutionary propaganda and that he had gone so far as to send such propaganda to German publishers in Silesia with an expressed wish that they aid in getting it into the hands of American soldiers there.

WILL COMPARE LISTS OF GERMANS WANTED

PARIS, Nov. 7.—The supreme council of the peace conference today decided to name a commission for comparing lists of guilty persons whom Germany must give up as prepared by the different allies.

The commission also will decide upon method of procedure and conduct of the trial.

Brandeis May Be Head of New Round Table Meeting

LOUIS D. BRANDEIS

Supreme Court Justice Is Declared Valuable Man For Conference

WASHINGTON, Nov. 7.—When President Wilson appoints the proposed new round table conference members, it is said that Justice D. Brandeis of the United States Supreme Court will be the head. This report has been heard in many sections of the country and friends have been urging that he be given the appointment.

Justice Brandeis has figured much in the political limelight. Previous to his appointment to the Supreme Court bench he was counsel for the people in proceedings involving labor laws in a number of states and other important issues. Because of his deep study of the labor situation of the country and his familiarity with working conditions as well as the troubles of employers, his services, it is argued, will be of unusual value to such a conference as it is proposed to hold.

As yet President Wilson has made no announcement of the personnel of the congress, but appointments are expected to be made soon.

PLEA OF LIQUOR MEN IN HANDS OF JUDGE

NEW YORK, Nov. 7.—Federal Judge Hand had under advisement today petitions by both brewers and distillers for injunctions to restrain enforcement of the Volstead prohibition law.

The brewers were represented by Elihu Root and William D. Guthrie, the distillers by Walter Noyes and Levi Cooke of Washington. Both sides contended that the emergency which rendered war time prohibition constitutional had passed. President Wilson's veto of the Volstead bill was cited as evidence of the passing of this emergency and it was contended that congress had not acted in good faith in passing this bill over his veto.

The petition of the brewers, the second to come up, was argued until a late hour last evening.

REPUBLICAN WOMEN ON NATIONAL COMMITTEE

SACRAMENTO, Nov. 7.—California now has a woman representative on the Republican national committee.

Mrs. Sidney M. Ehrman has been appointed vice chairman of the ways and means committee of the national body by Chairman Will H. Hays, according to word just received here.

BREACH OF PACT CHARGED TO GERMANY

BERLIN, Nov. 7.—The entente has made the following charges in a note to Germany, alleging breach of the peace treaty provisions:

That German troops were not withdrawn from Russian territory.

That important official documents were confiscated from territories occupied by German troops.

That all German submarines were not turned over to the Allies.

That self-destruction of the German fleet in Scapa Flow was a violation of the armistice and treaty provisions.

That confiscated works of art were retained by Germany.

That full delivery of agricultural machinery demanded by the entente was not made.

That export of war materials, particularly airplanes continues.

That Germany still owes the entente 42 locomotives and 4,450 cars.

The supreme council, sitting in Paris last week, received a report from Marshal Foch and other Allied officials regarding violations of military, financial and economic terms of the armistice and peace treaty, and dispatched a note to Berlin, calling attention to these and, presumably demanding rectification. At the time it was also reported the council had decided to require Germany to make suitable payment for the destruction of the fleet at Scapa Flow.

RED CROSS WILL BE GIVEN NURSES' CASE

SAN FRANCISCO, Nov. 7.—The sixteen Red Cross nurses who were dismissed from the United States public health service at Palo Alto today will lay their case before the Pacific division of the American Red Cross society, according to statements of the nurses.

After their release, under orders from Surgeon General Rupert Blue, the Palo Alto branch of the American legion failed in its efforts to have the nurses reinstated. The dismissal order classed the nurses as "undesirables."

MOTION FOR CHANGE IN PREAMBLE BEATEN

Foreign Relations Committee Report Is Adopted By 48 to 40 Vote

RESERVATION PROGRAM IS EXPECTED TO WIN

Borah and King Attempt to Make Changes But Are Defeated

WASHINGTON, Nov. 7.—Treaty opponents were victorious in the senate's first vote on reservations today.

A motion by Senator McCumber, Republican, to strike from the preamble of the foreign relations committee reservation program a provision requiring assent of three of the Allies to reservations was beaten 40 to 48.

Republicans hailed the vote as an indication that their reservation program including the preamble, which Senator Hitchcock after a consultation with the president said would be very embarrassing, would pass.

McCumber was the only Republican to vote with the Democrats. Other mild reservationists voted with Lodge. Democrats voting with the Republicans were Gore of Oklahoma, Reed of Missouri and Walsh of Massachusetts.

McCumber Motion Fails. Following defeat of the first proposal, McCumber moved to strike out the requirement that approval of reservations be made in writing but leaving the provision requiring acceptance by the Allies. This was defeated by the same vote, 40 to 48.

Borah then moved to strike out the word "three" in the preamble. This would require the assent of all instead of three of the allied powers. Borah's motion was defeated 25 to 63.

King of Utah, a Democrat, offered another amendment to the preamble which would allow acceptance by the Allies to be either by written assent or by participation in any proceedings authorized under the treaty.

King's amendment would have practically the same effect as the McCumber motion which was defeated a few minutes before. King's amendment lost, 42 to 46.

After the defeat of the King amendment the preamble was adopted as it came from the foreign relations committee by a vote of 48 to 40.

Will Fight Ratification If Reservations Not Changed

WASHINGTON, Nov. 7.—After a conference with President Wilson today, Senator Hitchcock, administration leader, declared that his forces in the senate would vote against any resolution on peace treaty ratification if certain of the Republican reservations in their present form are attached to it.

He did not say which reservation were specifically objected to.

The president's conference with Hitchcock took place at 11:30 today. Although Admiral Grayson, the president's physician, has been opposed to the interview, he consented in light of the critical nature of the treaty situation. Final instructions as to procedure of administration forces were given Hitchcock.

The long expected battle over reservations has begun and Democratic senators awaited word from the White House before permitting a vote on any of the proposals.

Administration Democrats, at a caucus on last night, agreed to use speed on measures in the treaty fight. An attempt to exercise the cloture will be made in case any of the "bit-ter enders" try a filibuster, it was decided.

When the reservations have been voted on separately they will be assembled in the form of a complete resolution on which the final ballot will be taken. On this, it is expected, the Democrats will make their decision to accept reservations or to defeat the treaty.

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands
since Dr. Edwards produced Olive
Tablets, the substitute for calomel.
Dr. Edwards, a practicing physician
for 17 years and calomel's old-time
enemy, discovered the formula for Olive
Tablets while treating patients for
chronic constipation and torpid livers.
Dr. Edwards' Olive Tablets do not
contain calomel, but a healing, soothing
vegetable laxative.
No gripping is the "keynote" of these
little sugar-coated, olive-colored
tablets. They cause the bowels and liver to
act normally. They never force them to
unnatural action.
If you have a "dark brown mouth"—
bad breath—a dull, tired feeling—sick
headache—torpid liver—constipation,
you'll find quick, sure and pleasant re-
sults from one or two of Dr. Edwards'
Olive Tablets at bedtime.
Thousands take them every night just
to keep right. Try them. 10c and 25c.

Directors of Civic Bodies and
City Trustees See High
School's Needs

At a conference of the Santa Ana
board of education this noon, repre-
sentatives of the Santa Ana Merchants
and Manufacturers Association, the
Santa Ana Chamber of Commerce and
the Santa Ana City Trustees voted
unanimously in favor of requesting
the school board to ask for a bond is-
sue of \$110,000 for making needed ad-
ditions at the Santa Ana High School.
The fact that the high school is
crowded, and will be very much more
crowded with the coming in of seven-
ty new pupils about Feb. 1, was a
condition discussed by School Super-
intendent Cranston and Principal
Hammond.

J. L. McBride, chairman of the
school board, said that the costs of
proposed additions as given by Archi-
tect Norman Marsh are: Assembly
hall, \$42,000; physical culture build-
ing, \$26,143; four new class rooms on
auditorium building, \$7,851; convert-
ing present gym into classrooms, \$11,
001.95; addition to shops, \$7,375; oral
expression room, \$2,861; choral hall,
\$2,861; opera chairs, \$7,500; desks
\$1,500; architect's fees, \$4,504; total
\$103,585. The gymnasium equipment
to be added will bring the total to
about \$110,000.

J. C. Metzgar, Mayor Mitchell, C. F.
Smith, F. P. Nickey and C. D. Swan-
ner stated that the bonds ought to be
called for and they believed they
would be voted. On motion, the re-
quest that the bonds be submitted
carried unanimously.

Those present at the excellent
luncheon, served in the Domestic Sci-
ence department at the high school,
by freshmen girls directed by Miss
Abern and Miss Rowland, were J. L.
McBride, F. L. Andrews, J. Dick Wil-
son and A. B. Gardner, members of
the school board; Miss Beth Phillips,
Principal Hammond, Superintendent
Cranston, Mayor Mitchell, H. H. Dale,
L. A. West, J. W. Taylor, M. O. Rob-
bins, C. C. Chapman, E. E. Vincent,
W. B. Tedford, C. F. Smith, C. D.
Swanner, J. A. McFadden, G. H. Scott,

Good Health to You
Dr. Carter's K & B Tea

Costs but Little and You Can Make a
Whole Lot from One Package.
More people are drinking Dr. Car-
ter's K & B Tea than ever before,
because they have found that in these
days of high prices some of the sim-
plest remedies are best.
Get a package of this purely vege-
table tea. Everyone in the family will
like it, because it only takes a few
days for them to find out that for
liver, stomach and bowels and to purify
the blood there is nothing surer,
safer or better.
Pimples skin and sallow complexion
vanish after a few cups, and the lit-
tle tots just love it and should always
have it, especially when out of sorts
and feverish.—Adv.

Outlook For Bigger Acreage
and Better Prices Next
Year Are Good

(Continued from Page One)

"The price of sugar to be sold
by the factories next year will be the
basis of the new contracts, just as it
was for the contracts last year. The
indications are that sugar will go
higher next year than it was this, and
that therefore the grower ought to get
from \$1 to \$2 more per ton next year
than he got this year. The indications
are, too, that the sugar shortage will
bring about quick sales of all sugar
produced, so that growers of next year
will get a very early settlement for
their crops. It looks now as though
sugar will go to eleven cents next
year. That is, the factories will in all
probability get eleven cents from the
wholesaler.

The Southern California Sugar Co.
plant on South Main street will con-
duct its acreage campaign right away,
along with the other two Holly plants,
and it is our intention to operate that
plant next year."

Anaheim Sugar Factory to
Manufacture Orange Syrup

ANAHEIM, Nov. 7.—Next week
will see the close of the 1920 cam-
paign of the Anaheim Sugar factory.
The exact date of the closing has not
been given out by Manager Jessurun,
but he says the wind-up will come
without fail some time during the
week.

The Anaheim factory slices beets
from 10,000 acres. The crop was only
about sixty-five per cent of normal.
On this account the campaign was
fully twenty days shorter than usual
and the output of course, will be very
largely curtailed.

In August last the factory began
preparing for the making of orange
syrup, orange marmalade and all kinds
of fruit jams, under a subsidiary or-
ganization to be known as The Ana-
heim Products company, but opera-
tions were delayed by the non-arrival
of important machinery from Cincin-
nati. This machinery arrived this
week and the company will be pre-
pared in a few days to start the work
of manufacturing. The orange syrup
will be an exclusive production, as it
is protected by a patent obtained by
Rush Crawford. The patented pro-
cess will be used exclusively by the
Products company.

The new concern will employ some
sixty hands at the outset and will ad-
dress to the force as rapidly as the ne-
cessities demand.

**BROTHER ORANGE MAN
DIES SANTA BARBARA**

ORANGE, Nov. 7.—George Andrich
of the Sunshine Cafe, was called to
Santa Barbara on Monday on account
of an automobile accident in which
his brother Peter Andrich was seri-
ously injured. The accident hap-
pened Sunday.

Word was received yesterday by
Mrs. Andrich that the brother had
died at six o'clock and Mr. Andrich
was bringing the body to Los Angeles
for burial. The funeral was held to-
day.

Jail or, No Jail Question In
Hudson Case Under
Advisement

Whether James Russell Hudson,
who was held to answer on a charge
of non-support of his wife, Grace Hud-
son, is illegally in the county jail or
not, was a question Superior Judge
West took under advisement today,
following a hearing before him on a
writ of habeas corpus, issued on pe-
tition of Hudson's attorneys, Charles
D. Swanner and Stanley M. Reinhaus.
The contention made by counsel
was that while Hudson was morally
obligated to provide for his wife, still
the fact, as brought out by uncon-
tracted testimony at the preliminary
hearing, that Mrs. Hudson had been
given shelter by her parents in this
city and that she was at no time in a
destitute condition, did not warrant
criminal proceedings in the case.
Swanner and Reinhaus contended that
recourse should have been had to
civil action, either for divorce or for
separate maintenance.

Deputy District Attorney W. F.
Menton argued that the statute under
which Hudson was being prosecuted
had better be taken out of the books, if
a father or mother, in order to make
criminal proceedings against their
daughter's husband possible, had to
refuse to give her shelter. This, he
said, in effect summed up the argu-
ments of counsel.

Under the statutes, Menton con-
tended, it is immaterial whether a
wife has parents to whom she may
go for shelter and the necessities of
life upon being left by her husband.
Menton called the attention of the
court to evidence given at the prelimi-
nary hearing in which it was shown
that Hudson not only was able to
work, but that at the time of his ar-
rest he actually had work in a Santa
Barbara garage which was paying
him \$18 per week.

Both defense and prosecution read
citations in support of their argu-
ments.

It was expected that Judge West
would render a decision either late
today or some time tomorrow.

Hudson was married while in the
service at Arcadia. Several months
later he was ordered overseas from
Camp Kearney. His wife received an
allowance regularly from him while
he was in the service, the testimony
showed. The couple's affection for
each other waned upon Hudson's re-
turn from France, according to the
evidence.

**SMELTZER PHONE
HEARING IS SET**

Notice was given the board of su-
pervisors today, through a commu-
cation filed with the county clerk,
that the State Railway Commission
has set a hearing in the matter of a
proposal to raise the rates of the
Smeltzer Home Telephone and Tele-
graph Company for December 3, at
2 o'clock in the council chamber at
the city hall.

AMUSEMENTS

FAMOUS "CHECKERS" A BIG FILM
William Fox will present "Check-
ers," the famous racing play, as a mo-
tion picture at the Yost Theater for a
run of three days, starting next Tues-
day. Advance reports promise a pic-
ture of great pretension, superbly ex-
ecuted. Richard Stanton directed the
work.

As a stage play, "Checkers" was a
classic. There are many big specta-
cular scenes in the film, such as an
actual race at one of the large tracks,
a thrilling train wreck in which a
freight car containing several persons
and a race horse topples into a river,
and a sensational scene in New York's
Chinatown.

Two Conferences Held By
Gompers and Palmer Who
Will Meet Again

(Continued from Page One)

the federal government to curb social
unrest, radicalism and the distribution
of "red" literature through the mails
will be recommended by the senate
labor committee in its formal report
on the steel strike, Chairman Kenyon
said today. Hearings on the steel
strike have been in progress five
weeks.

"We have given both sides the most
exhaustive hearing possible," said
Kenyon, "and much valuable informa-
tion on social conditions and bolshev-
ism in the country have been brought
to light."

Five recommendations for legisla-
tive action will be made by the com-
mittee, Kenyon said.
Among these, he said, was his
Americanization bill, which provides
compulsory education for foreign born
children and aliens coming to the
United States. Amendment of the
present sedition laws, it is expected,
will also be asked and more drastic
federal laws recommended for sup-
pression of radicalism and bolshevism.

CHICAGO, Nov. 7.—Cancellation of
sixty-six trains in Chicago territory
was announced by railroads today to
help relieve the demand for coal. At
the same time the regional coal com-
mittee announced the fuel situation
here easy and some restrictions on its
use were lifted. Coal consigned to
public utilities, public departments,
paper manufacturers and newspapers
will not be subject to seizure.

DIED.

KISSEL.—In Portland, Ore., on Nov.
7, 1919, William S. Kissel.
Interment in Santa Ana. Funeral
notice later.

TRAVIS.—In Los Angeles, Cal., Nov.
5, 1919, Mrs. Harry H. Travis, form-
erly of Santa Ana, at her home, 405
West Forty-second street.
Funeral services will be held at 2
o'clock Saturday afternoon, at the
Morera undertaking parlors, 4254 Mo-
neta avenue, Los Angeles.

A milk powder factory to cost \$100-
000 is to be erected at Modesto.

Something You KNOW Is Good

In these days of uncertain
quality you can still buy
Walkover or Nettleton Shoes
and be sure the quality is go-
ing to be right.

For a great many years we have sold Walkover and Nettleton Shoes and they
have never deceived anyone on their quality yet. We have your size and the
models that are best style this season.

If you happen to be suffering from broken arches or any other foot troubles
come in and let us give you some suggestions that will help correct the trouble.

ARMISTICE DAY

Store Closed All Day Tuesday, Nov. 11

Joining in the world wide celebration of the glorious day, when the dove of peace again ruled over a battling world, and in honor of those who fell in the cause of humanity, this store will close Armistice Day, Tuesday, November 11.

HUNTINGTON BEACH

HUNTINGTON BEACH, Nov. 7.—The Huntington Beach company took down the tent covering over the dance floor near the pavilion, Wednesday.

Ray Wells of Santa Ana was in the city Wednesday looking after business interests and shaking hands with friends.

J. N. Hearn and wife, and S. E. Hearn, who have been spending about a month at the Murietta Hot Springs returned home Tuesday.

The City Meat Market, located at 124 Main street has consolidated with the Valencia Market at 206 Main street and moved to the latter place Tuesday. Bonner Marsters will be in charge.

The Sunday School board of the M. E. church held their regular monthly meeting Wednesday evening and transacted considerable routine business, but the election of officers was postponed for one month as was also the appointment of several teachers.

C. S. Sessions is painting the cottage at 215 Fifth street.

E. E. Trench, city marshal, who has been spending two weeks' vacation with his son Homer at Merced, returned home Wednesday.

S. E. Hearn is putting a new roof on his office building at Main and Walnut streets.

To Investors—I can put you in touch with owner who will sell 25 feet on Fourth street, within 1 1/2 blocks of Main St., for \$13,000; short time only; \$6,500 will handle. Address F. Box 41, Register.

Our lunches satisfy that hungry feeling. Pelley & Witman, 410 North Main.

MOVIE FOLKS AT VALUE OF GOOD HEAD OF AIR BUSINESS ENGLISH GIVEN EMPHASIS

De Mille, Chaplins, Ince Have Fields and Flocks of Sky Cruisers

LOS ANGELES, Nov. 7.—The movies are seeking a higher plane—an airplane, as it were.

For some subtle reason, thus far unexplained, airplaning has strongly appealed to the movie folk.

As a result Southern California now has three completely equipped commercial flying fields, all operated by motion picture magnates as a sideline and as a means of amusement, and all doing a thriving commercial business.

Cecil DeMille, noted director, was the first to go up in the air over aviation. He established the DeMille Field and later became the leading spirit in the founding of the Mercury Aviation company, which operates a half dozen aerial taxis and will accept any job from bringing a prize pig to market or taking home a late celebrant, to rushing a busy business man to Kanakoe to attend his grandmother's funeral.

Then the Chaplin family saw something funny, evidently, in aviation. Syd Chaplin, brother of Charlie, founded the Chaplin Aircraft Corporation and started Chaplin Field in the heart of Los Angeles. Brother Charlie put some of his money into it, 'tis understood. So now the Chaplin company is owner of a flock of Curtiss biplanes and a pair of "Seagulls" or flying boats said to be similar to the famed "Nancies."

Next came Thomas Ince. He started Ince Field down at Venice. Ince isn't in the game commercially as extensively as the others. He's offering, however, \$50,000 for the first man to fly to Australia.

The result of all this is that Los Angeles now claims to be the largest commercial aviation center in the world. Scores are learning to fly and the hum of the airplane motor is becoming such a nuisance that one good minister is urging passage of a law requiring flyers to shut off their motors when they fly over churches; and more than one tired resident is complaining that those "confounded flyin' machines" disturb his Sunday morning beauty sleep.

SELECTING CAST FOR ELKS FARCE-COMEDY

The Elks' annual local talent show will hold the boards at the Temple Theater on Tuesday, Wednesday and Thursday nights, November 18, 19 and 20.

Keeping up with the spirit of modern times in show production, the Elks are presenting this year a farce comedy with musical specialties instead of the regulation old-time minstrel show. They have engaged C. J. McNaughtan, one of the best directors in this line of work to assist them in producing.

The cast opens with Miss Gladys Simpson in the leading part of Mrs. Jack Temple, one of the "Worries," a part which gives her great scope for her natural ability, going in a mixup of comedy situations from the sublime to the ridiculous—from laughter to tears.

W. R. (Stormy) Gordon will play the part of her husband, Jack Temple, a liar, and C. J. McNaughtan will be his chum, Frank Fuller, who is classed as a bigger liar.

William Tibball will be the very dapper English army officer, Captain Sharpe, who is very much in love with Dorothy, Mrs. Temple's younger sister, the role played by Miss Marjorie Olivari. Miss Louise Dunlop will appear as Mrs. Frank Fuller, wife of the bigger liar, and known as the mysterious balloon lady, whose actions form a basis for the plot of the show.

A character part that is extremely funny, a scream from start to finish, is that of Mrs. John Brown, Christian name Martha, a typical human cyclone, played by Miss Holly Lash. Her scenes with Burr Shaffer as John Brown, a ladies' hairdresser, and incidentally her husband, are a riot of fun. The cast closes with Raymond J. Schulte as Wigson, the decidedly English, decidedly talkative butler, who wants to be one of the family.

The scenes of the play are all laid at the home of Jack Temple, Mayfair, London, and the scenic effects are beautiful.

Between the acts of the farce musical numbers are introduced to cut the waits, featuring a nifty girls' chorus in singing and dancing; a harmony four that will offer the latest quartet selections, and other acts. The show is given to raise money to defray the expenses of the Elks' Christmas charity work, and as the money is spent not in the lodge, but out among the poor, it deserves general support from the community.

MAY HOLD ALL SUGAR

BUENOS AIRES, Nov. 7.—The government was expected to publish today a decree prohibiting all exportation of sugar.

Candy Special Tomorrow: Fresh peanut brittle, regular 40c quality, 25c per pound, at the Cherry Blossom. Limited quantity.

Speakers at High School Assembly Feature Better Speech Program

Several very excellent addresses were the important numbers of the high school assembly yesterday at the "Better Speech" program.

Clarence Gustlin spoke first. He compared music, the "Universal" language, with the English language.

"The German from Germany, the Frenchman from France, the Italian from Italy, the Chinese from China and the Japanese from Japan do not understand the English language when they arrive in the United States, but music is the language of the soul and the universal tongue," he said.

The speaker said that, though only in school pupils are permitted merely to dabble in foreign languages, all should accept any opportunity to study them, especially Italian. He said Italian has fewer consonants than any other tongue and helps Americans to enunciate them more clearly.

That incorrect language is more of a habit than the result of ignorance is the theory of J. P. Baumgartner, editor of the Register.

"Clarity, simplicity and brevity—this trinity, is the soul of good speaking and good writing," he stated.

E. B. Sprague, of the Orange County Savings & Trust bank, spoke on the "Value of Good English."

"Man is constantly meeting strangers upon whom he would like to make a good impression," said he, "so we must be able to speak and think clearly. The stranger studies our viewpoints in order to size up our character and interests."

Business letters should be short and concise, the fact that they show character to the party to whom one writes should prompt a writer to be careful in writing. The students were also advised to talk concisely, briefly and clearly on the telephone.

Mr. Bruff, of the science department, talked on the "Value to the Student."

He said that the majority of the poor English comes from a thoughtless point of view. He illustrated this with the study of biology.

"Be accurate," is the slogan, and observation is almost of equal importance. His advice was, "Say what you mean and mean what you say."

O. Henry's story, "By Courier," was a much appreciated part of the program and caused quite a bit of fun.

Two numbers by the Glee clubs, Carmenita Waltz and Damascus Triumphal March, were greatly enjoyed.

Vells by each class succeeded each other, but "the excitement" came when the faculty members arose and gave an exhibition of what a real yell is.

The assembly was opened with the school song.

HEFFERN WELL 'IN' BUT OUTPUT VEILED

The Heffern well is "in." Work was stopped at 9 o'clock last night at a depth of 4200 feet with a showing of oil and gas which convinced every oil man present, and dozens have been closely watching this well, that the job has changed from a hole in the ground to an oil well.

The well is filled with 3200 feet of mud, as thick as it has been possible to have it and keep circulation and yet in spite of this weight there came a showing which set all doubts at rest and the order was given to stop work in order that the well may be cemented.

When the cementing job is finished if it is deemed advisable to add any depth to the hole it will be done with Standard tools.

It is impossible at this time to give any estimate as to what the well will do in the way of production. This can not be determined until the mud is cleaned out but oil men are unanimous in their verdict that the well is a proven fact and that the only question remaining is just how big a producer it will be.

The well also proves a large area of new territory and will be followed by a series of new rigs on the big Heffern tract, which consists of more than 400 acres. This well is a mile southwest of the Chapman gusher.

HUGO HAAS DEAD

BERLIN, Nov. 7.—Hugo Haas, today socialist leader, died today from the effects of an operation for amputation of a leg. He had been ill several days.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms will disappear.

Eminent specialists state that one of the best things for the nerves is a phosphoric acid known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and irregularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright and pale, sunken cheeks regain the pink glow of health.

CAUTION.—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

Good Clothes Pay For Themselves

Style is a distinctive feature in all of our men's suits and overcoats, but the quality of the cloth is of equal importance.

Without quality, the wear of the garment cannot be satisfactory.

Our store is the store for all kinds of clothes that particular men prefer—right in fit, in fabric, in fashion and in finish.

Let us show you these wonderful overcoats and suits. They are without their peer in this city.

TRY TO PREVENT REPEAL OF THE NEWLANDS BILL

From information received from George N. Maxwell it is evident that Southern California is not the only part of the United States that is opposed to the repeal of the Newlands River Regulation Amendment.

In a letter to Chairman Cuttle of the Tri-Counties Reformation Committee, Maxwell incloses copies of letters from the New Orleans Association of Commerce and the Mississippi Valley Association, both of which are very strong organizations and both are carrying on an active campaign against that portion of H. R. 3184, which is intended to repeal the Newlands River Regulation Amendment.

The Board of Supervisors of Santa Ana, Calif., Nov. 5, 1919. The Board met pursuant to adjournment. All members and the Clerk present.

The Board adjourned to November 5, 1919, at 10 a. m.

The Clerk was directed to give notice to tenants to vacate houses at 621, 627 or before January 1, 1920, J. ESTHARO and 621 N. Spurgeon St., and 116 Church St., Santa Ana, on or before January 1, 1920.

Demands on the County of Orange were allowed as read.

The Chairman and Clerk were authorized to sign contract with the Southern California Edison Company to furnish light for Olive Lighting District for five years.

The County Auditor was directed to transfer \$250 from Road District No. 4 Fund to Santiago Storm Water District Fund.

The application of Vernon Oil Refining Company to lay pipe line along right of way of A. P. & S. F. Ry. Co. from Richfield to Olinde, was granted.

The returns of the election for formation of Fullerton Irrigation District were declared elected as directors of said district, Julia Bastanchury was elected district assessor, Marie Bastanchury district collector, and Juanita Bastanchury district treasurer for said district.

The boundary lines of the school districts of Orange County were adopted as prepared by the County Surveyor.

It was ordered that the County discontinue paying rental of telephones at residences of all county officers, deputies and employees, commencing November 1, 1919.

The County Auditor was directed to draw a warrant in favor of J. C. Lamb, County Tax Collector, for \$91.20 covering both installments of taxes on Lot 5, Block A, Spurgeon Addition to City of Santa Ana which was purchased by the County from Emma C. Trew.

JUMP FROM BED A SINGIN'

Take "Cascarets" for Your Liver and Bowels and Wake Up Clear, Cheery, Fit—Don't Stay Sick!

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right.

Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.

FOR THE BIRDS

The fate of the island of Heligoland still remains unsettled by the Allied conference. It is not to be a military fortress—at least, not a German fortress. What it is to be is still an open question with the great powers.

In the meantime the natural inhabitants of the island are strongly suggesting its logical use. Heligoland, it is said, has for many years been a favorite resting place for millions of migratory birds. During the German occupation of the island many of these birds were killed or trapped. Many more were frightened away by the warlike activities on the island.

Now these birds are returning in great flocks. Naturalists and bird lovers in both Great Britain and America are asking that Heligoland be maintained as a bird sanctuary. If the birds could be absolutely free from molestation there in every season of the year they would soon learn that it was their own private preserve. Not only would it help in their safe removal from North to South, or South to North, in the proper season. In some cases it would mean the preservation of a species which has begun to vanish. Neighboring countries farther north or south of Heligoland would derive considerable practical advantage from this protection of their feathered inhabitants. And for students of bird life, the island would become a fascinating observation school.

The United States has many island bird reservations along its coasts which have long since proved their practical value. Such an international bird reservation would meet with increased approval as soon as people began to observe its beneficial results.

HAIL, SUPER-HEN!

A ray of light breaks through the dark cloud enveloping struggling America. Alton E. Briggs, president of the National Poultry, Egg and Butter Association, says that a super-hen is being bred, and before long the type will be common and reach the public, and the cost of living will descend, because they are super-hens, and their eggs will be two or three times as large as their present size, and yet these marvels can be produced at a cost not much greater than present prices.

Right in conjunction with this glad tidings comes the suggestion of the Department of Agriculture, that every back yard should contain its flock of chickens tended and groomed so as to give the greatest percentage of profit to the owner and the smallest percentage of annoyance to the neighbors.

May heaven speed the day! Who cares what becomes of the tulip bed or the pansies, if in their place he might see a flock of super-hens strutting proudly about his yard, and know that in the intimate darkness of the hen-house were super-eggs which would enable him to eat an egg and be fed for a day.

Hail, super-hen! Bright angel of the new dawn! A nation awaits your coming.

BEER SIGNS VANISH

Deputy internal revenue collectors in newly dry districts have been sending out notices to former saloonkeepers that their liquor signs must come down, and softening the blow by explaining that they "don't mean anything any more." It's orders from Washington, they say.

The regulation falls most heavily on the beer signs. And thus one of the most characteristic features of American landscapes, particularly municipal landscapes, seems destined to pass into oblivion.

The beer sign has long been the hallmark of the American saloon, the most distinct and notable feature of the liquor emporium. In some places it has been confined to fairly moderate dimensions, but in the majority of cases it has grown to a monstrous structure across the face of the building, or on the roof, or both together.

In many a city the vista along almost any business street has consisted largely of those gilded, bedizened and often illuminated signs. The brewer-fes have been primarily responsible, but most saloonists have been not at all averse to flaunting this form of art. The whiskey men, too, have done their best—and worst, which was not so bad as the brewery masterpieces. The time has come when people no longer will have to endure those signs.

SAVE PETROLEUM

Director Manning of the Bureau of Mines is advocating the establishment of a fund of \$1,000,000 a year for the purpose of organizing a petroleum research bureau. He believes that the benefits derived from the activities of such a bureau would more than compensate the controllers of the petroleum for the expense.

The present consumption of crude oil in this country exceeds the production, and unless something is done to check wasteful methods at the wells, and to improve all departments for the refining, handling and care of oil and its by-products, this country will soon be put to a tremendous expense for their purchase from other nations.

Experts estimate that 40 per cent of the known supply of the United States has been exhausted, but Mr. Manning believes that careful research may find new fields as well as improve present methods. A better system of distribution of the home supply and some action on the part of this country to retain a hold upon the foreign supply are also urged by the director.

America has been little less wasteful in her oil than in her lumber policy, and unless she listens to the warnings of men who are in a position to know, another great natural asset will become a national liability.

ZONING THE TOWN

Every town can be beautiful as well as prosperous, say the advocates of the zoning system.

This fashion of zoning the town for business, residential and park purposes is growing in favor among American cities, and most wide-awake communities now have their committee of representative citizens who have some such plan under advisement.

Many towns have had the experience of seeing a beautiful residential section ruined by the encroachment of switchyards, or the establishment in its midst of a lumber yard or soap factory. In one city a slaughter-house makes life almost unbearable all through a region of pleasant homes.

Where the zoning plan is followed such a thing becomes impossible. Being a civic matter, it is more effective than the private restriction of subdivisions, since it takes into consideration the entire town scheme.

There may be more present financial return in the haphazard building plan, but ultimately this leads to property depreciation.

A good city-building plan will tend to hold the immediate population and to attract newcomers, and the townspeople in establishing it are doing much for themselves and more for their children.

Remedy For Divorce

Visalia Delta

The true solution of the marriage and divorce question lies with the home more than with the legislatures. It is more a matter for education and training than of legislation. The girl whose early education has been gained on the street, whose selfishness has been stratified at the expense of her parents and whose preparation for marriage has lacked an acquaintance with the common duties of the house keeper is a standing candidate for the divorce court. The young man who has grown up without responsibility, who has wasted his youth and pawned his manhood to idle and dissolute habits is another. The parents are most responsible for the negligence and mistaken kindness that unfits children for the duties of life. Good fathers usually train up good husbands and good mothers usually produce good wives. The question of marriage and divorce seems to rest more upon the early training of the individual than with the law. Educate, not legislate, should be the motto for the reformer of the divorce evil.

Spare the Slipper, Spoil the Kids

The Roosevelt Creed

I believe in honesty, sincerity and the square deal in making up one's mind what to do—and doing it.
I believe in fearing God and taking one's own part.
I believe in hitting the line hard when you are right.
I believe in speaking softly and carrying a big stick.
I believe in hard work and honest sport.
I believe in a sane mind in a sane body.
I believe we have room for but one soul loyalty, and that is loyalty to the American people.

Theodore Roosevelt.

Community Progress

A copy of "Community Service," official organ of the Chamber of Commerce of Johnstown, Pa., contains comments on community organization made by Howard Strong, for years secretary of the Civic and Commercial Association of Minneapolis, Minn., and now secretary of the Rochester (N. Y.) Chamber of Commerce.

Mr. Strong is a former president of the National Association of Commercial Organization Secretaries, was prominent in organization work for the government during the war, and is one of the most widely known civic experts of the country.

"We have been through a war and everyone recognizes we are standing on the threshold of a new order," he says. "The old order, the old way of looking at things, the old method of doing business, has passed.

"To those of us who are interested in building cities it is interesting to know the difference between a city and a village. The derivation of these words show that a village is a place where people are living independently, each man on his own hook, each man seeking his own interests. A city is a place where men are living together, with each man having more or less interest in and responsibility for the other fellow. The villager is a man who is interpreting every community happening in terms of his own interest, how it is going to affect him, and the worthy citizen of the city

is the man who is interpreting every act of his own in terms of how it is going to affect the welfare of the city.

"I have seen a city which had a business men's organization and that organization went out to get members, and the basis on which the membership was solicited was this: 'Here is a chance for you to come in and serve your town, to repay to your town the things that you owe it.' If a man said 'What am I going to get out of it,' they would reply 'Why you are not going to get a single thing out of it because you can't come into it; this organization does not exist to get things for itself; it exists to give you an opportunity to pay to the town the debt you owe to that town, and until you are ready to come into the organization on that basis you can stay out.

"The five American cities which grew the fastest between 1900 and 1910—Cleveland, Detroit, Minneapolis, Kansas City and Los Angeles—were the five cities which paid the least attention to business development, but which had good programs for working out community betterment, better streets, educational facilities, recreation parks, playgrounds and the like. They neglected the industrial development of the community and as an organization worked for the higher, better life of the community, and these five cities led in the growth in population. Many cities can learn a striking lesson from these facts."

Worth While Verses

THE HIGH ROAD

Oh, once you were a bridle-path,
An hundred years and more ago,
Across the hills, and o'er the hills,
Your slender way you went;
Great-grandad was not married then
Across the hills and o'er the hills,
By many a steep ascent.

"On steady horse they went their way,
My strapping shoulders bore them well,
Across the hills and o'er the hills,
By valleys green and gold;
The gypsy to his tent I took,
The lover to his lady's hearth,
The farmer to his fold."

And now you carry motor cars,
Are broad and white and fair to see,
Important people know you well,
So straight you are and strong,
The tramp of armies ring sometimes,
Across the hills and o'er the hills,
Your mighty ways along.

—By H. H. Bashford.

NEW MAJOR LEAGUE RUMOR CIRCULATED

NEW YORK, Nov. 7.—Rumors of a new major league are now riding in the dust kicked up by the American league political battle.

Col. Jacob Ruppert, president of the Yankees, declares that Ban Johnson's stand in refusing to meet with any committee of which he is a member means that one of them will have to get out of the league.

If the quietest of magnates lined up with Johnson support him when the "show down" comes, Ruppert has in-

timated that he will listen to proposals for a new league. Charles Comiskey of the White Sox and Harry Frazee of Boston are to be with him.

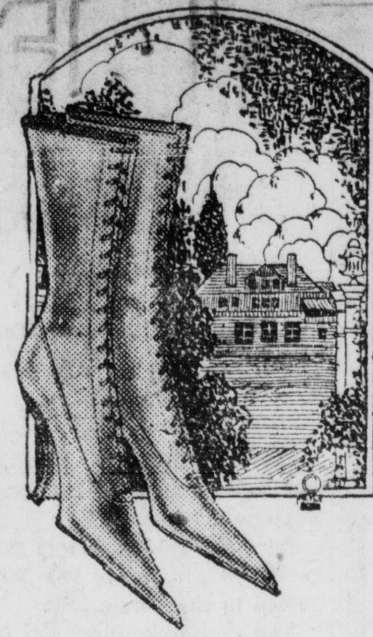

Among those mentioned as possible third league magnates are: Price McKinney, Cleveland; Edsel Ford, Detroit; Comander J. J. Ross, Montreal, and Harry Sinclair, Pittsburgh.

A Bit Crusty

"An old man in one of the city parks got so tired of seeing a young couple spooning that he got up and actually swore."

"Atrocious conduct. Didn't he stop to think that he probably behaved the same way when he was young?"

"Oh, yes. That's what made him so mad. He said he hated to be reminded that he was once a blankety-blank fool himself."—From the Birmingham Age-Herald.

Walking Boots

The feminine demand for walking boots is insistent

There's something practical as well as stylish about a smart, trim, military or Cuban heel boot—such as can be worn generally—on the street, for walking, for shopping.

Your demands will be met in a highly satisfactory manner at Miles'.

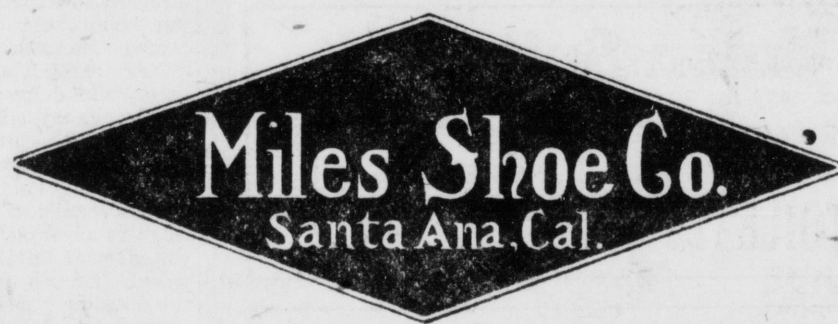

We have them in black, glazed kid or calfskin—also in a profusion of the new browns—and color and material combinations.

\$6.00, \$6.50, \$7.00, \$7.50, \$8.00, \$8.50, \$9.50, \$10.00.

A comprehensive price range. We also have the same combinations with leather Louis heels or covered French heels.

You'll find the style range of our Children's Shoes just as complete.

OUR PRICES CONFORM TO ALL INCOMES

THE CHEERFUL CHERUB

What people might think shall not govern my life. Whatever I want I will dare. I'm a slave to opinion though nevertheless I want them to know I don't care.

By Members of the Register Staff

REV. STEVENSON ACCUSED OF SEIZING A DOLLAR

Here is a good one on Rev. Joseph A. Stevenson. He is quite a hand to hand a joke on about the other fellow, and he is just as good a hand to take one on himself as he is to emphasize one on the other fellow.

He does some marrying of folk, as most Santa-Ana preachers do. They get what's left over by Judge Cox. Under the law, the duty of having a marriage certificate recorded rests solely upon the minister of the Gospel or the lowly justice of the peace,

who ties the knot.

A few days ago, Parson Stevenson strolled humbly into the office of the county recorder, and deposited there a marriage license with the certificate at the bottom fully made out. Somebody had been at the counter just before him, and had left a shining silver dollar on the counter to pay for a document that had just been recorded. The chief deputy in the office was entering the notation on the books and had not yet picked up the dollar.

In came the parson, and as he stood there he talked, which was not an unusual procedure for him. He told a yarn or two, maybe three, and as he talked he picked up that dollar, and tapped it on the counter, and rolled it in his ministerial palms, and toyed with it as any man, minister or otherwise, might do, and when he left he gently and thoughtlessly slipped the dollar into his pocket, and went his way oblivious of the fact that there was a sheriff's office beneath the recorder's office and a yawning jail across the alley.

When cash was balanced in the recorder's office, it was one dollar shy. Mystery! Suddenly, the chief deputy remembered the visit of Rev. Stevenson.

Straightway there was a telephone call, and a conversation ensued.

"Have you balanced your —?"

"Have you got an extra dollar?" was asked accusingly.

"I don't know, for I haven't balanced my cash yet."

"We have tried to balance our cash and we are one dollar shy."

The truth dawned. It percolated. The glimmer of light broke into a shining sun, the size of a silver cartwheel.

"I'll be right down to see you," said Rev. Stevenson, as he hastily hung up the telephone, and he made the fastest time ever made from 1016 North Broadway to the courthouse.

"Money has no habit of sticking to me," said he, "and I don't see how it happened to this time."

Exonerated from all intentional

misappropriation, of course, Rev. Stevenson will not hear the last of that dollar for sometime, not while his friends, who include everybody in Santa Ana, remember it.

AT WEDDINGS, MINISTER IS DRESSED IN OVERALLS

Speaking of ministers and marriage ceremonies, here is another little tale of the cloth:

Rev. H. E. Hoare, pastor of the Immanuel Baptist church of this city, is nothing if not democratic. Also, he believes that honest physical toil is as essential as mental toil, to a man's well-being.

Accordingly, the greater part of the time when he is not engaged in ecclesiastical duties, he may be found in jumper and overalls—symbolical, paradoxically, of the dignity of labor. On three different occasions, recently, when called upon to perform marriage ceremonies, he has officiated in the aforementioned raiment, which has detracted no whit from the solidity of the knots he tied.

This has not been by choice of his. He happened to be attired in his striped uniform of work when each of the couples arrived. Each couple was in a hurry. They had come to Santa Ana to be married. They desired to return to Los Angeles at once, if not sooner. They had no time to wait for the minister to doll up in his Sunday clothes, his long black coat and his white collar and ministerial necktie.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. Stops Irritation, Swelling and Itch. You can get restful sleep after the first application. Price 60c.

A. P. Stone of Denair, near Turlock, has a pumpkin weighing 180 pounds, and seven feet in circumference.

Kelseyville reports a garden growth of nutmeg trees, but these trees are strictly tropical in their requirements.

OLD AGE

Bright eyes and laughing lips,
See, I will hold you here,
Close pressed against my heart,
Away from fear.
Dark clouds are in the sky,
And on the window pane
Incessantly I hear
The beat of rain.
And, high above the wind,
The ceaseless tread of feet
That go from morn till night
Along the street
They weary of the rain.
I think, and of the cold—
It is so hard to bear
When one is old.
And all the day they pass,
Each one with drooping head,
All the tramping hosts
Are of the dead.
Press closer, heart, and lift
Your pallid lips, and smile;
We shall be in the rain
A long, long while.
—Patrick F. Kirby.

Book Review Club.

The next meeting of the Book club will be held on Wednesday evening, November 12, at the Tustin home of Mr. and Mrs. E. M. Nealley, and will be an occasion of unusual interest.

The speaker of the evening is to be Dr. R. T. Flewelling, professor of philosophy in the University of Southern California. His subject will be "Impressions of French Character." Dr. Flewelling is a newcomer to California, being formerly at Boston University. He is the author of several books and is well known as one of the progressive philosophers of the East. Dr. Flewelling was in France many months, being the head of the department of philosophy and psychology of the university which was established for the benefit of the American Expeditionary Forces. His acquaintance with French educators and universities has enabled him to obtain a close-up view of the French character.

Lectures to Brotherhood.

The mid-week service held last evening at the First Methodist church, was exceptionally well attended for the opening study of the book of Revelations.

Last Tuesday evening Rev. John Oliver lectured before the Highland Park Brotherhood on "Christ on Industrial Democracy."

Visit Relatives Here.

Mrs. F. F. Noxon, formerly Miss Clara Willits, and little daughter, arrived today from Sawyers Bar, Calif., for a short visit with her parents, Mr. and Mrs. Thomas Willits.

All Day Meeting.

The Veteran Rebekahs held an all-day meeting today, at Odd Fellows' Hall. Dinner was served the members at noontime.

Second Birthday Celebrated.

A number of the small friends of Miss Bee Cleveland and their mothers gathered yesterday at the home of Mrs. E. U. Dickinson, at her invitation, to assist in the celebration of her niece's second birthday.

Pink and white, the favorite colors of all young people, were used in the decoration of the home. The birthday cake and ices were also in pink and white.

The guests played among themselves during the afternoon, while their mothers visited together and kept a watchful eye upon them.

Present were Mesdames C. W. Perkey and daughter, Beulah, C. Courtney and three children, Caswell Jean and Lois, Norbert Lentz, son Donald, the honoree's grandmother Mrs. N. B. Cleveland and mother, Mrs. E. F. Cleveland, her brother, Raphael Cleveland, Bethel Dickinson, Maria and Toni Cummings.

Mesdames J. W. Anderson and Martha McCurdy assisted Mrs. Dickinson during the afternoon.

Club last evening were participants in the successful opening of the winter dances.

A number of guests from Los Angeles and San Francisco were warmly welcomed by the members and the hostess, Mrs. James C. Metzgar, who had charge of the affair.

Hostesses for the Country Club, for the dances to be given the first Thursday in each month, up to and including April, and for the card parties to be given the last Thursday in each month, were drawn by lot among the members present. The ladies selected who will act as hostesses for the dances, and who are to be assisted by their husbands are, for December, Mrs. Frances Z. Lillard; January, Mrs. L. C. Swales; February, Mrs. L. C. Carden; March, Mrs. Roy Russell; April, Mrs. James Irvine, Jr.

For the card party in November, Mrs. Susie Rutherford; December, J. Fred Parsons; January, W. A. Huff; February, Mrs. H. B. Van Dlen; March, Mrs. C. S. Kendall; April, Mrs. H. L. Hansen.

A four-piece orchestra will provide inspiring music for the evenings devoted to dancing.

For last night's affair, the comfortable club rooms were attractively decorated with bright autumn colors, and appropriate refreshments served.

A Spread and a Shower.

The "tables were turned" on Miss Zelma Sturgeon last evening, when the members of the N. M. U. club "got even" with her for the unexpected announcement of her engagement a few days ago.

In the treasury of the club was a certain sum the girls were undecided just how to use, until someone suggested a spread. Miss Sturgeon, who is a member of the club, was one of the most enthusiastic advocates of this idea and in accordance with their plans, the group went first to the West End theater last evening, from there they went to James for their spread. Here, one of the girls innocently enough, suggested that as long as there were so many present it would be nice to use one of the private alcoves in the Gold room. Her suggestion was promptly taken up and it was not until the curtains were drawn aside, revealing a large table centered with a basket of pink chrysanthemums with another beautiful wicker basket filled to overflowing with kitchen utensils marking her place, that Miss Sturgeon realized she had not been "let in" on all their plans.

It was a tribute to Miss Sturgeon's popularity among the girls, that all members in town were present and in the basket were useful remembrances from those out of town.

The members present to enjoy her surprise were: Mesdames Walter Eaton, J. D. McMullan, Glenn Tidball, Misses Zoe Vanderlip, Hazel Stockslager, Alice Wasser, Frances and Gertrude Potts.

Juvenile Lodge Initiated.

On Thursday night Santa Ana Lodge No. 29 of the Fraternal Brotherhood, enjoyed one of its usual good meetings. After the obligation of membership had been administered to C. C. Hougland, the meeting was turned over to Mrs. Emma Neidig, supreme past president, who instituted Victory Lodge No. 32 of the Juveniles.

The little folks' lodge begin their work with sixteen charter members and the first order of last night's business was their initiation. Alberta Trickey, as supreme sergeant, and Thelma King, as supreme mistress-at-arms, conducted them to the different stations, where they received the lessons taught by their order. From the supreme chaplain, Mrs. Susie Smith, they learned of Love. From the supreme vice president, Mrs. Wm. Van Aken, they learned of Loyalty. From the supreme president, Mrs. Neidig, they learned of Fraternity. From supreme past president, Master Frank Johnson, they learned the reward for practicing these virtues.

After being obligated at the altar, by Mrs. Neidig, the initiatory ceremonies were closed by the dance of the "Pipes of Pan," which was wonderfully well presented by Miss Marguerite Anderson.

The officers-elect of Victory Lodge No. 32 are as follows: Past president, Frank Johnson; president, Mabel Harvey; vice president, Clarence Trickey; secretary, Walter Parks; treasurer, Joseph Hudkins; chaplain,

BAD COLD GOT YOU? FEELING GRIPPY?

Dr. King's New Discovery
soon starts you on the road
to recovery

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery. You will like the prompt, business-like way it loosens the phlegm-congested chest, soothes the tortured throat, relieves an old or a new cold, gripe, cough, croup.

The kiddies can take it in perfect safety, too. No bad after-effects. Standard half a century. 60c and \$1.20 a bottle. At your druggist.

Don't Continue Constipated

Don't let your bowels buldoze your system. Make them function regularly—keep the body cleansed of waste matter with Dr. King's New Life Pills.

Biliousness, sick headache, sour stomach, indigestion, dizziness, furred tongue, bad breath—think of the embarrassments and discomforts traceable to constipation. How easily they're rectified by the occasional use of Dr. King's New Life Pills. Move the bowels smoothly but surely. Try them tonight. All druggists—25c. as usual.

Helen Hudkins; sergeant-at-arms, Francis Harvey; mistress-at-arms, Marguerite Anderson; inner door keeper, Lucile Van Aken; outer door keeper, Lucile Smith.

These officers were duly installed by L. F. Harvey with his fine drill team, assisted by the supreme officers as follows: Supreme past president, Mrs. Johnson; supreme president, Mrs. Neidig; supreme vice president, Mrs. Van Aken; supreme chaplain, Mrs. Susie Smith; supreme sergeant-at-arms, Harry Brookbank; supreme mistress-at-arms, Mrs. Floyd Turner.

The newly installed officers then put on their regular lodge work and covered themselves with glory, especially in the seating of their officers, which "brought down the house." The new president called on Past President James Ryan, who acted as sponsor for the evening, for a few remarks, and also called for remarks from Organizer O. D. King.

After the close of this work, Mrs. Neidig appointed Mrs. O. D. King, Mrs. L. F. Harvey, Mrs. Trickey, Mrs. Smith and Mrs. Van Aken as sponsors for the new lodge.

Mrs. N. L. Galbraith, chairman of the entertainment committee, next took charge and all were invited to the banquet room, where the juveniles and Mrs. Neidig occupied places at the table of honor, and the tamale pie supper was enjoyed to the fullest extent.

The evening's good time was closed with dancing, Mrs. Floyd Turner at the piano.

PERSONALS

Dr. and Mrs. Roe of Roscoe, Idaho, have arrived in Santa Ana for the winter and if favorably impressed will make their home here permanently.

Postmaster C. D. Overshiner made a trip to Los Angeles today.

Dr. I. D. Mills was a morning passenger to Los Angeles.

Miss Lottie Lyman went to Los Angeles today. From there she will go

to Long Beach and Westminster to visit with friends before moving to Nuevo, where she will make her home.

Mrs. W. O. McLeod returned the first of the week from an extended trip through Colorado, Missouri, Kansas and several other states. She made the trip for the purpose of visiting friends and relatives and though she had a very pleasant journey she is glad to get home again.

Mr. and Mrs. Brewer and family of Nebraska are visiting with Mr. and Mrs. E. W. Whitney of 2312 North Main street. Mr. and Mrs. Brewer have come here to spend the winter and may possibly become permanent residents.

Mrs. J. J. Van Wyk and Mrs. Ida McKillop returned last evening from a two days' visit with friends in Long Beach.

Mr. and Mrs. W. W. Halseworth returned yesterday from a trip of two months to numerous points in the east. One of the pleasant features was a visit in Wisconsin with three brothers of Mrs. Halseworth.

Candy Special Tomorrow: Fresh peanut brittle, regular 40c quality, 25c per pound, at the Cherry Blossom. Limited quantity.

City and County Briefs

Chas. Reed, wife and two children, friends of R. H. Sweesey, are here from Truro, Iowa, looking for housing accommodations, with a view to becoming permanent residents. They are stopping temporarily at Pasadena.

Frank Musselman had his pocket-book stolen from his automobile while the machine was standing near his place of business. A checkbook, "live" checks and some cash were taken.

With spotlight thieves operating in the city, owners of such equipment on machines should be careful where they leave their cars standing at night. Three Kaufmann spotlights have been taken from machines recently. E. W. Cochems is the latest man to suffer such a loss. His car was left standing on Third street, near Main, last night, and when he returned for the car the lamp was missing. A toolbox on a car near by gave evidence of having been ransacked. Cochems saw suspicious characters about his machine before he discovered his loss and later they could not be located.

DIAMONDS

Like any other business, the Diamond business requires long practice and skill in order that one may be able to correctly judge the value of precious stones. Like any other success, there must be laid the foundation of future public faith by the establishment of the right policy in the beginning.

For many years we have been guaranteeing the weight, the cut, the color and the present market value of Diamonds.

This sweeping guarantee has brought us a large measure of success.

Our position as Diamond merchants has enabled us to obtain unusual buying advantages. Our patrons reap the benefit of these advantages in better Diamond values.

Diamonds are constantly increasing in value—they last forever—they never lose their beauty.

SEEKS HIGHWAY BUILDING FOR SOUTHLAND

Orange County Represented In Newly Created Road Organization

Orange county is represented in a newly organized Southern California Highway Association, formed for the purpose of acting jointly in securing for Southern California the early construction of state highways.

Los Angeles, Orange, San Bernardino and Riverside counties are represented in the association. The organization meeting was held in Los Angeles. Officers elected are Jonathan S. Dodge, representing Los Angeles county, chairman; T. B. Talbert, Orange county, vice chairman; A. E. Warrington, Riverside county, secretary; C. E. Crier, San Bernardino county, assistant secretary, and Harry Lee Martin, Los Angeles county, treasurer.

Those who attended the meeting were: Los Angeles county, Jonathan S. Dodge, Willis I. Morrison, J. S. Killian, P. E. Hatch, Harry Lee Martin; Riverside county, A. E. Warrington, W. B. Clancy, E. P. Clark; Orange county, T. B. Talbert, D. Eymann Huff, J. A. Armitage; San Bernardino county, C. E. Crier, R. L. Riley, O. W. Kankel, F. H. Owen.

The purposes of the organization have been outlined as follows:

(1.) To secure the immediate building of all roads provided for under the State Highway bond issue.

(2.) To have spent on each road the amount of money appropriated for that road, and to oppose any diversion of funds from one road to another.

(3.) To secure the refund to the few counties of the money spent on the "co-operative" plan provided for in the \$18,000,000 bond issue, which refund was approved by, and promised to those counties, by the citizens' committee, which mapped out the plan for which the \$18,000,000 bonds were voted.

Orange county, of course, is interested in the construction of all Southern California roads, but particularly in the construction of the coast boulevard from Oxnard to San Juan Capistrano. That road is scheduled to be built among the first.

Orange county is not interested directly in the refund proposition, as it has no claim on that score.

ANAHEIM BUS EXPERT TO ADVISE IN EAST

Wm. Rose, former owner of the Rose Bus line, which operates from Pomona to Long Beach through Anaheim, departed for the east today, his destination being Little Rock, Arkansas, where he goes on invitation from the chamber of commerce of that city, to look into the possibilities of establishing bus lines radiating from that city. Rose is a pioneer bus man of this section and is an authority on bus transportation. He was in active business until he sold his line to A. B. Watson, of Santa Ana, proprietor of the Crown Stage company, recently. Rose left by steamer for Seattle where he owns considerable property, and will go east from that city.

Only a Cold

Are you ill? It is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.—Adv.

Aluminum Cooking Utensils

GIVE BIRTHDAY SURPRISE TO WOMAN, 81

Eleven Members of Family Gather at Palms For Pleasant Affair

TALBERT, Nov. 7.—Mrs. Arnold Walker drove to Palms Wednesday and was accompanied by her mother, Mrs. C. C. Heacock, and sister-in-law, Mrs. Ray Heacock of Elftan. At Los Angeles they were joined by Mrs. E. O. Benefield, Mrs. Nichols and Mrs. Morton, the latter of Lynwood, sisters of Mrs. Walker. The reason for the family gathering was to surprise the grandmother, Mrs. Heacock's mother, Mrs. L. M. Simmonds, whose eighty-first birthday anniversary it was. The surprise was a genuine one, but it worked both ways for when the party arrived at Mrs. Simmonds' home they found an unexpected addition to the family party, Mrs. Heacock's brother, L. S. Simmonds and wife of Sonoma. They had arrived unexpectedly the previous Saturday.

Each of the ladies had previously prepared a part of a delicious dinner and as a result roast chicken, baked beans, spaghetti with tomato sauce, creamed cauliflower, home-made pies formed the birthday dinner, which was topped by a snowy birthday cake with "grandma" and "81" written in candles upon it. James Simmonds, the son with whom Mrs. Simmonds makes her home, and his son, Wyatt, were also guests of the occasion, making eleven in all present.

Six new coal oil lights, four large and two smaller ones, were installed in the local church Wednesday by Rev. Woodson and A. P. Vincent. Lamps have been used at the church for some time and this improvement will be most satisfactory. The lights were purchased of Louis Ludwig.

Mr. and Mrs. Arnold Walker left Thursday for their ranch west of Anaheim, to be absent three weeks while putting in their barley crop. They took just enough household goods to get along with for the time being and Mr. and Mrs. Eastman, who have been with them here for several weeks, will be in charge of the dairy during their absence. The Walkers will move permanently to their ranch the first of the year.

Mr. and Mrs. Will Brady and three children of Hollywood were guests Saturday night and Sunday at the S. E. Talbert home and upon their return home Sunday evening were accompanied by their mother, Mrs. M. L. Thurman, who will make a farewell visit with them as she will leave soon for Hollywood to spend the winter.

Mr. and Mrs. Chas. Ward accompanied a party of Santa Ana friends on a motor trip to Long Beach Sunday and upon their return stopped over at Naples, where they watched the Douglas Fairbanks corporation taking a picture with Fairbanks as the star actor. The party also stopped at Sea Beach.

Bob Harper has been appointed to take the minor census in the Fountain Valley school district and began the work the first of the week.

The basket social which was held Saturday evening at the Japanese hall under the auspices of the Fountain Valley school, proved a decided success and as a result \$24.60 was earned to go as a first payment on the school Victrola. The pleasant evening opened with lively games followed by the sale of baskets by S. E. Talbert, who auctioned them off in his usual affable manner. Following supper more games were in order and music played on the new cabinet Victrola was enjoyed.

Mr. and Mrs. Robert Wardlow and family motored to Whittier for the day Sunday and were guests of Mrs. E. H. Miller. Vance Wardlow, who has been a visitor at the Miller home since Friday returned home with them that evening.

Mrs. J. H. Cox had as a guest Sunday and Sunday night her sister, Mrs. Ella Shafer of Los Angeles.

The local pool hall closed Tuesday and John Ludwig, who has been in charge for his brother, Louis Ludwig, the proprietor, moved the furnishings to El Modena. Louis Ludwig has been at El Modena for several months, having moved part of his furnishings to that place and opened a hall there.

Mrs. L. T. Wells has been suffering with a severely sprained wrist this week.

FORTY YEAR OLD TREES GIVE WAY TO PROGRESS

ANAHEIM, Nov. 7.—The trees on the south end of the Central school grounds at Anaheim are being razed to make room for the new 10-room school building to be erected there. These trees are forty or fifty years old and no doubt many who played underneath their shade in the happy school days of long ago will feel that an old friend has gone. 'Twas even thus—the old must make way for the new.

FIRST SHIPMENTS OF CHILIS BEING MADE

The first shipments of the 1919 crop of chilis in this county are being made. The price is satisfactory, being 16 cents a pound.

There will be a big crop from the largely increased acreage, estimated at 2500 to 3000 acres and expected to total 1500 to 1800 tons. The normal consumption is about 1200 tons, but Floyd Kenalther, one of the principal handlers of chilis, believes the country will consume the entire output.

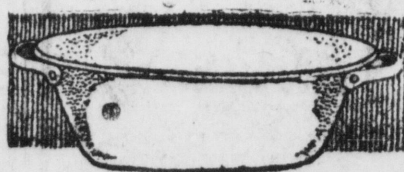

FORD

A Hardin, Factory Mechanic, is on the way to Los Angeles to buy a new Burning in Machine, a new Reborning Mill, a Re-babbiting Equipment and other machinery which will enable him to do real, first class factory jobs in his shop at Main & Second.

Every Woman Deserves A Well Equipped Kitchen

Every man who really loves his wife will see that she has proper working facilities. The season is at hand when good things to eat are demanded of the kitchen. Let us supply the things that will make good things easy to cook.

Every good wife will appreciate a few pieces of Pyrex—the finest baking dishes made. They look like ordinary glass but they do not break in heat. We have this excellent ware in both plain and decorated patterns, all shapes and sizes and nearly any price.

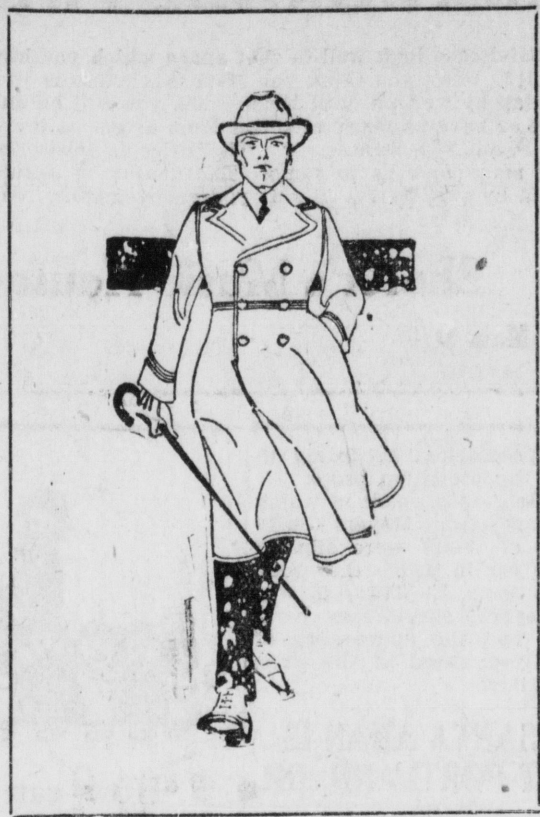

In our granite ware department we have many articles that should be in every well-regulated kitchen. The range of prices in this department is away below the average.

Roasters

For the Thanksgiving turkey or chicken and for every other occasion where a good roaster is required we are prepared with a line that will meet the most exacting demands. They are here in both granite and aluminum, either round or oblong and any size.

HEATING AND SHEET METAL WORK

POSTPONE HIKE FOR WEEK FROM TOMORROW

With a light rain prevailing on top of Saddleback this morning and a strong wind raging this afternoon, it was deemed advisable to postpone the Chamber of Commerce hike scheduled for tomorrow to one week from that date. Forest Ranger J. B. Stephenson advises that it would be better to postpone the event for one week than to attempt it tomorrow in view of the rain this morning.

It is cold on top of the mountain at all times, but with the ground dampened by the rain it would make it risky for members of the party to sleep out on the ground.

A majority of the members of the party are not accustomed to exposure and some of them might contract severe colds. Thirty-one had registered for the excursion to the peak, in anticipation of a delightful two-day outing and glimpsing one of the prettiest views of Southern California to be seen from any point in Southern California.

In view of the postponement those who want to go next Saturday, if rain does not force another postponement,

are requested to again file their names with the secretary. It may be that next Saturday and Sunday will not be a convenient date for some who registered for tomorrow and it will be necessary for them to advise Metzger again before Thursday evening of next week.

NAME 'BAYER' MEANS ASPIRIN IS GENUINE

Get Relief Without Fear as Told in "Bayer Package"

The "Bayer Cross" is the signature of the true "Bayer Tablets of Aspirin." The name "Bayer" is only on genuine Aspirin prescribed by physicians for over eighteen years.

In every handy "Bayer" package are proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally.

In boxes of 12 tablets, cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocetieacidester of Salicylicacid. —Adv.

ARMISTICE DAY PROGRAM IS COMPLETED

Santa Ana's populace will join in exercises next Tuesday in celebration of the first anniversary of the signing of the armistice, which brought a cessation of the slaughter overseas in the great world war. With business houses closing for the day, the observance here will be pretty general and the program arranged for 10 o'clock in the morning at Birch Park is one that will prove attractive.

"The Value of the Armistice to the Civilian," will be the subject of an address by District Attorney L. A. West. West has given this subject considerable thought and in the execution of his duties as prosecutor of criminals in Orange County has had experience that has brought forcibly to his attention the full value of the signing of the preliminary peace document.

Other speakers will be Rev. J. A. Stevenson and Capt. N. M. Holderman, who soon is to leave Santa Ana to take up his duties as commandant of the veterans home at Yountville, Calif.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer penitence from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmit (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Closed nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmit used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

WHERE IS YOUR RED CROSS BUTTON?

Sensational Sale of Suits and Coats

We never use the word sensational or special in our advertising unless we really and truly have something very extraordinary to offer.

This lot of suits at \$25.00 will create a sensation in shopping circles and those who take advantage of the offer will realize that they have received their money's worth and more too. New fall suits to sell at \$25.00? Can it be true? Where did you get them? and what's the big idea? are the questions you may be asking. Here is the answer: They were bought many months ago to be delivered early but on account of strikes and shipping delays they have just arrived. The season is nearly over and they must be sold quick.

The materials are fine all wool poplins and serges in popular shades of navy blue, brown, black and plum. Splendidly tailored, good, practical styles, fancy silk lining and natty trimmed. Sizes 16 to 20 and 36 to 44. On sale Saturday.

\$25.00

Women's Novelty Velvet Coats

Positively you couldn't buy the materials used in these coats for the price we ask for the coat all ready to put on and wear. Made of heavy novelty costume velvet in shades of blue, tan and wistaria. Handsomely tailored and lined throughout with fancy figured lining.

COURTHOUSE NEWS
**FULLERTON AND
ANAHEIM PLAN
JOINT SEWER**

State Health Board O. K.'s
General Plans Outlined
For Project

It has been a long, long day since Anaheim has heard a word about an outfall sewer. There was a time—something like a year ago, when there was a tricity movement on by Anaheim, Santa Ana and Fullerton with a proposed joint sewer proposition for an outfall to the ocean. In fact, the proposition at first also included the city of Orange, but that city dropped out early in the game and the other three cities attempted to go ahead with the project. But they never got far with it, as they could not agree on an attorney to go to Sacramento and make a fight for an enabling act to permit the three cities to join hands and build the sewer.

However, a bill was passed by the legislature which has made it possible for cities to build a sewer jointly, and Anaheim and Fullerton trustees several months ago secretly took up the matter of the building of a joint sewer to the sea. Engineers O. E. Steward of Anaheim, and George Wells of Fullerton, began running preliminary lines and making plans for the work. After weeks of diligent work the engineers forwarded their plans to the State Board of Health for the approval of that body.

A letter was in the hands of the secretary of the Anaheim board today, announcing that the general plan for the sewer has been approved and intimating that as far as the state board is concerned, that the cities may proceed with the work.

Just what the plans are has not yet been divulged, as the boards or trustees of the two cities have not met jointly, since their approval by the state body, to discuss them.

It was today expected that the joint body will decide in a short time on the proceedings to be followed, which will probably consist of making a move to obtain options for right of way and for condemning such strips of property as are needed and which cannot be purchased at a reasonable price. Following the obtaining of options for the rights of way each board separately will proceed with a bond election for obtaining the funds for the building of the sewer, so it is claimed by those who are on the inside.

The people of West Anaheim are particularly pleased to learn that progress is being made in this sewer farm out that way has been a sore spot to them, and the subject of several court fights, and with the construction of this outfall to the ocean will come the abandonment of the Anaheim sewer farm.

**THOMAS IN APPEALS
COURT IS REVERSED**

Division 1, of the District Court of Appeal, has reversed a judgment rendered by Superior Judge Thomas several years ago, refusing to quiet title and directing specific performance on the part of Ada M. Bishop in her case against Elizabeth J. Barndt, John C. Stick and Beulah B. Coward. The opinion, on file today, shows that the plaintiff sold the land in question, under a sales agreement to the defendant Barndt. Almost immediately thereafter the contract was assigned to the defendant Stick. In August, 1913, Stick sold the land for \$2400 to the defendant Coward, who paid \$1,863.81, prior to the beginning of the trial of the action, on July 23, 1915. Certain payments still were due at that time. However, prior to the trial, no notice of any delinquency of any payments had been made on the defendant's Stick or Coward, who, in court, offered to pay the amounts due on condition that the plaintiff convey title to either of them. This, the plaintiff declined to do. It was stipulated between the opposing attorneys to place the amount still due with a trustee, pending final determination of the action. Other elements entered into the case.

**County Institutions
Eat Fish as
Beach Gets Surplus**

FISH, to-wit: smelt, were on the menus of the Day Nursery, the Juvenile Home and the County Hospital today, the food having been brought from Newport Beach by County Aid Commissioner W. S. Gregg, following the receipt of information that Jake and Jim Souder, commercial fishermen, had on hand a stock of about two tons of fish they could not dispose of.

It is said that at San Pedro when fishermen have a surplus of fish, they simply heave them overboard. The Newport fishermen regard this as a waste, so they had City Marshal J. A. Porter telephone to Gregg and ask whether or not he wanted to come after a quantity of the smelt and distribute them to county institutions.

Gregg said, "Surely," and in short order he was off to the beach, his automobile containing a tub, a cask and a basket, all of which he filled with fish, and brought to Santa Ana.

The San Francisco market is flooded at present with fish, it is said, and prices in Los Angeles, according to the Newport fishermen, are too low to make it profitable to ship there.

**L. A. SLEUTH FINDS

**MAN HAUNTED BY
ILL LUCK GETS
PROBATION**

Escaping Severe Hurts In
El Toro Wreck, Accused
Injured In L. A.

Arrested several weeks ago on a charge of driving an automobile while intoxicated, Fred Meyers, formerly of Ocean Beach, San Diego, but now residing in Los Angeles, today was granted probation by Superior Judge West, who suspended sentence for three years.

Meyers, who was recently injured in a street car accident in Los Angeles, came into court on crutches. His attorney, M. B. Wellington, of the firm of Bishop & Wellington of this city, informed the court that the fact that Meyers was on crutches had no connection with an accident occurring near El Toro and as a result of which Meyers was arrested.

Meyers told the court that he sometimes took a drink of hot whiskey in order to break up a cold. He also drank beer on occasions, he said.

"There is no greater delusion under which a man can suffer than that which leads him to believe that by taking a cold drink of beer he can cool himself off, or that by taking a drink of hot whiskey he can rid himself of a cold," Judge West informed Meyers.

After the court announced that sentence would be suspended for three years, Meyers was told by Judge West:

"I shall restrict your meanderings to the state of California."

Meyers is to refrain from drinking and he is not to have liquor of any

JEALOUS SUITOR KILLS SELF AT BEACH

ASK STATE FOR APPROPRIATION OF WATER FOR H. B. MESA

Commission to Pass on Application For Pumping From Drainage Canal

The application of the committee representing the proposed irrigation district on the Huntington Beach mesa has filed its petition for water appropriation with the State Water Commission.

Public notice of the filing of the petition has been given by the state commission. This notice says that the petition for appropriation has been filed by "George F. Fowler, Huntington Beach, twenty-five cubic feet per second from Freeman river and drainage canal flowing into said Freeman river in Orange county, for irrigating about 2600 acres of agricultural lands known as Huntington Beach mesa."

Plans for forming an irrigation district for placing water on the mesa were started through the Orange County Farm Bureau some months ago. At a mass meeting a committee of which Fowler was made chairman was selected to take up the water rights.

Those favoring the district expect to get their water out of the outfall of the big drainage canal of the Bolsa Drainage District. The water does not come entirely from drainage canals, for there are a lot of peat springs that also feed the stream, which has a flow of from 400 to 500 inches.

It is proposed to establish pumps at the northeast boundary of the Bolsa Chico Gun Club property and to conduct the water in pipelines to the knoll on the mesa near the present "domestic supply reservoir." This will make a raise of about fifty-five feet. While engineering plans have not been developed conclusively, the tentative plan is to have a reservoir on this knoll from which the water would flow by gravity to the 2600 acres under the system.

It has been estimated that the cost per acre would be \$100.

As yet the petition for the formation of the district has not been filed with the board of supervisors. It is proposed to form the irrigation district under the Wright Act, the old established irrigation act of the state. While the formation of the district goes through the board of supervisors, the business of the district to be managed by a board of directors, the right to appropriate water from any stream in the state must be passed upon by the State Water Commission, created by the state legislature a few years ago. No date has been set by the commission for the hearing of the petition.

The water in the stream from which the district proposes to pump has been tested by experts of the state university, and has been declared to be exceptionally good irrigation water.

Anaheim Brothers Inherit Ranch But Will Shine Shoes

* TWO of Anaheim's shine artists * will continue to shine shoes * at 15 cents per, and this despite * the fact that they have just fallen heir to a twenty-acre ranch * at Riverside said to be worth * \$10,000. * The brothers are R. E. and Lee * Baker, colored, and they have * just been advised by their attorney that the estate of their father, John H. Baker, at Riverside, has been closed and that they are now the owners of the twenty-acre tract. * The boys refuse to get the "big head" and will stick to their occupation. They have been shining Anaheim's shoes for a good many years, and indicate that they will continue to do so. * They are just as industrious as they ever were. *

MAY CHANGE TO WEDNESDAY FOR SERVICES

At a meeting of the Ministerial Association to be held next Tuesday, a decision will be reached as to whether or not prayer meeting night shall be changed from Thursday to Wednesday.

Some time ago the suggestion was made that many people who attend the mid-week services at various churches would like to have the services come on Wednesday evenings. The matter has been taken up with some of the congregations, and so far as has been learned there is no objection to the proposed change. Many people said that either evening suited them.

The Methodists are among those who have expressed a willingness to make the change.

AUSTRALIA PLANNING TO ENTERTAIN PRINCE

MELBOURNE, Nov. 7.—Although it was believed that the Prince of Wales would be able to visit the Commonwealth of Australia early next spring, cables from London state that official circles consider it hardly probable that the prince will be able to make the trip at that time.

Official communications concerning his tour of the Antipodes are said to be on their way to the Commonwealth and as soon as they are received both the state and federal governments will appoint reception committees to prepare for the prince's visit. A draft of the program will be submitted to the prince before he leaves for Australia.

WILL SAVE \$2500 BY CONTRACT ON JETTY ROCK FREIGHT

Newport Harbor Commission Drives Deal That Will Help Reduce Deficiency

Effecting a freight contract that will save it \$2500 in freight alone in the delivery of rock for the jetties at the mouth of the Santa Ana river when it is diverted to the ocean, the Newport Harbor Commission today is congratulating itself on a good business deal and is anticipating the dumping of rock on the work by the first of December.

The commission met this week and completed the contract for freighting the rock to the river opening, and the money it will save in this respect will be deducted from the amount of the contract. Negotiations are now in progress for a similar deal on the stone that later will be delivered for the extension of the jetty at the mouth of Newport Bay.

The commission has let contracts for harbor work that aggregate over \$600,000 with only a \$500,000 county fund to back them up. The commissioners are clever financiers, and Lew H. Wallace asserts that it will pull the contracts through alright. Saving of this amount on freight alone on one item of material that will enter into the improvements will put Orange county on the map with one of the best land-locked harbors on the Pacific coast, is one feature that will help to reduce the apparent deficit.

The Ledbetter company, which has the contract for the river work, now has a piling driver crew at work and piles are being driven for supporting tracks that will be used in hauling the rock into position for dumping in the jetty work. Indications are that rock will be dumped by the first of the coming month. Every effort will be made to get the diversion channel open in time for turning the storm waters of this winter into the ocean, thereby preventing their depositing the usual volume of silt in the bay. It is expected that the diverting channel will be completed by the middle of January and immediately following this the dam will be constructed at Bitter Point to forever stop the waters of the Santa Ana river running into the bay—and they have been running into that body of water for ages.

The Sycamore Rebekahs will give a dance in the I. O. O. F. hall Nov. 11. Everybody welcome. Admittance 25c.

Correct Faulty Speech Now Campaign Is on This Week

BETTER Speech Week has been productive of many substantial methods of correction in faulty speech. Placards and posters, blackboard slogans, examples of common errors—a dozen different plans for impressing the minds of pupils have been used. The preparation for the campaign for better English included a special number of the Correct English Magazine, and from that magazine the following, written by George Gray, entitled "Correct English in the School," has been taken by Mrs. Iva Webber, teacher of commercial English at the Intermediate School, and presented to the Register for publication.

(BY ABEL ENGLISH)

Who can make our grammar plain.

The way the teacher traps us,
Takes us wholly off our guard;
Because she comes among us
When we're playing in the yard.
And every time we say "that's him,"
Or, don't you see, "it's me,"
She acts as if our grammar
Makes her as mad as mad can be.
We're certain, then, when school takes up,
She'll tell us how we erred,
And write us out a rule like this,
To master word for word:

Rule—Do not forget that the noun or pronoun following the verb to be is in the same case as the noun or pronoun preceding the verb to be.

Remember that the following forms comprise the verb to be: am, is, are, was, were, shall be, will be, have been, has been, had been, shall have been, will have been.

Remember that your nominative pronouns are: I, we, thou, ye, he, she, they, who, it, you. Remember that your objective pronouns are: me, thee, us, him, her, them, whom, it, you.

Today the teacher heard me,
I was talking to a chum,
A boy that thinks a lot of me—
And loves my sister some—
He says to me, "Say, Abel,
Tell me where's your sister Belle."
I said, "She's home today, I think,
Ma said she wasn't well."
I saw at once my grammar
Gave the teacher great concern,
And pretty soon thereafter,
I was given this to learn:

Rule—Do not forget that a noun or pronoun following the verb to be must denote or refer to the same person or thing as the noun or pronoun preceding the verb to be, unless it is separated from the verb by a preposition.

In the sentence, "She is home," home which follows is does not denote the same person or thing as the pronoun she which precedes it, consequently the preposition at is required to show the relation between the noun home and the verb is. Therefore, one should say, "She is at home."

Last Friday in the afternoon,
The teacher thought it well,
To let a boy and girl choose sides,
And give us words to spell.
Each scholar missed "cir-cu-i-tous,"
Except May Sharpe and me,
And then at last she spelled me down
On "a-s-a-foot-ida."
"You can't spell half as good as I!"
I told her after school—
Of course, in fun—but teacher heard,
And posted this new rule:

(Continued on Page Ten)

JILTED BY GIRL 15, YOUNG MAN PUTS BULLET IN HEAD

Arla D. Sells of Colorado Angered By Huntington Beach Sweetheart

(Special to the Register)

HUNTINGTON BEACH, Nov. 7.—Insanely jealous of his 15-year-old sweetheart who had jilted him because of that jealousy, Arla D. Sells, aged 25 years, of Center, Colo., walked across the street from the girl's home here about 9:30 o'clock last night and committed suicide. He shot himself through the head and his body was found lying beside a garage about 8 o'clock this morning.

Back in his home town Sells was engaged to marry Miss Bernice Fyock, a school girl who moved to Huntington Beach with her family several months ago. The family resides on Fifth street, opposite the city hall.

The girl attended school here and made many friends among her schoolmates of whom she sometimes spoke in her letters to Sells. Some time ago he became extremely jealous of the girl and in his letters he accused her of accepting the attentions of other young men. She denied this in her missives but his accusations were so frequent that she tired of them and a few weeks ago she returned his engagement ring, telling him that the engagement was broken.

Coming from Colorado Sells immediately prepared to come to Huntington Beach to see what caused the trouble and effect a reconciliation. He arrived in Los Angeles this week and came to Huntington Beach at once. Sells called on Miss Fyock, who received him cordially and last Wednesday evening while they were taking a walk she met one of her schoolboy friends who invited her to attend a dance with him at Long Beach last night.

She declined the invitation, saying that she had to stay at home and study her lessons. This, however, did not satisfy Sells, who told her that she "would be at that dance, all right." She declared she had told the truth and told Sells to come and see her last night so that he would be satisfied that she had stayed at home.

He came to the house last evening and after a talk with the girl went out of the house. A few moments later a shot was heard. Nothing was thought of the matter until the body was found this morning. Sells evidently had come to Huntington Beach last night prepared to take his own life as he used a 32-caliber Colt's automatic pistol which sent a bullet clear through his head. He held the gun in his left hand.

Not much could be learned about his family as Miss Fyock was too badly shocked by the tragedy to explain. Sells was a member of the Elks lodge, a card of the organization being found on his body.

Coroner C. D. Brown was notified and came to Huntington Beach early today and took charge of the body, which was taken to the C. H. Bundschuh undertaking parlor. Arrangements were made for an inquest which will be held today.

The young man's family will be notified at once and will be asked to advise disposition of the body.

MAY BUILD WAREHOUSE TO STORE FURNITURE

FULLERTON, Nov. 7.—That Fullerton may have a merchants' warehouse—also a fireproof warehouse for the storage of furniture, is one of the possibilities of the near future if plans now being considered by some local capitalists mature, and it is the belief that they will.

It is pointed out that numerous persons are coming to Northern Orange county with the view of locating, and many of those who come from the East bring their furniture and have no place to store it while looking for a place to buy or build.

Ocean "Beat" Is Started to Cover Logging Camps Along Coast

TORONTO, Canada, Nov. 7.—The famous Canadian Royal Northwest Mounted Police has again been organized as a body and is patrolling the northern country in the same manner as before the war. When the war broke out and a call came to Canada for soldiers, the members of the force ceased to exist as an organization. However, with the return of the soldiers the force was again organized and is still being strengthened. It is said to be even stronger than before the war.

For many years the force enjoyed a hard-won reputation for daring and tenacity. It has been said that when a member of the force started after a man he either came back with the fugitive or he or his quarry would be reported dead.

About 3,000 men, mostly returned soldiers, are now in this organization, the requirements of which demand an almost perfect man in physique, mentality, courage and character.

Recently in British Columbia they have undertaken a new branch of service. In the past they have been navigators of the trackless prairies, northland barrens and foothill forests of Canada. Now they have started an ocean patrol. This is the first time they have done any patrol work on any but inland waterways. A powerful 30-ton seaworthy launch has been fitted out to patrol the logging camps of the Pacific Coast.

As an instance of the respect in which the Royal Northwest Mounted is held, it is said that the main reason why Gun-a-noot, an Indian charged with killing two traders in 1906 and who for thirteen years defied capture by the British Columbia authorities, surrendered recently, was the report that the Mounted were to operate in British Columbia.

STUDYING FORMATION FOR OIL PROSPECTING

FULLERTON, Nov. 7.—The Amalgamated Oil Company is making a detailed study of the district northwest of Fullerton with the intention of starting a well soon on one of its most promising prospects. The Amalgamated has leased quite extensively near the Union's Meyer well and it is on some one of these properties that a well will be started soon. The problem of finding the oil without having to go almost 5000 feet is occupying the attention of the holders of lands in this district. The Union's Meyer No. 4 should shed a little more light on the dip of the deep oil sand.

The Union Oil Company commenced hauling in the rig lumber for Meyer No. 4 Wednesday. Meyer No. 3 has settled down to a steady production of 125 barrels a day of 35.5 gravity oil. The fluid is coming from the sands without a particle of water or sand, making the well the greatest of its kind now producing in Southern California.

Yes, we know you will sooner or later. Why not now? Call the Suit-rium, 279. Prompt auto service.

There may be more expensive underclothing but a better Union Suit than Munsingwear can't be made.

We are ready to hand you any style union suit you may call for. You'll find them mighty comfortable on mornings like these.

Munsingwear is always 100 per cent right.

Fits your person and your purse.

Here in all sizes for men and boys.

CORRECT FAULTS IN SPEECH NOW. IS URGED

Campaign on This Week In Schools For Better Use of English

(Continued from Page Nine)

Rule—Remember that you must not use as after not. You should say, "You cannot spell so good as I." Bear in mind that as follows as in the comparison of equals, and that so follows not in the comparison of unequals. One should say, therefore, "You spell as good as I," or "You don't spell so good as I."

At first I didn't like Miss Smart. She seemed so very cross. But that was just put on, I found. To teach us who was boss. Soon afterwards I told her that I cared not where they were. There never was a teacher who was tenderer than her.

She thanked me for the compliment. She said I had to pay. Then laughingly she wrote this rule. To say by heart next day:

Rule—Remember that the conjunction than and as should always be followed by a noun or pronoun in the nominative case. The noun or pronoun is in the nominative case because it is the subject of another sentence whose predicate is either expressed or understood. One should say, therefore, "There never was a teacher who was tenderer than she (is)."

Dear me! school closes now in June. Then Miss Smart goes away. I wonder if she'd write to me— And what she'd have to say: My full name's Abel English, And she said, in all her days, She never heard a name so sweet. Or worthy so much praise: So on the day that school lets out I'll give her my address, And liking Abel English so, She ought to write, I guess.

But don't you know, I wish that school, Would run along for good— I'd like it if Miss Smart would teach. I'm really sure I should. Some little boys and girls I know, In writing and in speech, Say, "How I would like this or that." Now, mark me, I beseech: That form is wrong; would should be should, And what one ought to say, Is, "How I should like this or that." Go look it up, I pray.

You can get one of the best salads you ever ate at Pelly & Witman's, 410 North Main.

VISEL APPROVES PLAN VICTORY ACCOUNTS

Offers Exceptional Opportunities In Saving and Insurance Features

That the Victory Account is one of the most sensible ideas in banking which has occurred in years, is the opinion of A. J. Visel, former mayor and well known successful financier. The Orange County Trust and Savings Bank has introduced an innovation in banking circles here by opening up Victory Accounts, and the plan is being approved by hundreds of local people.

"On general principles I believe in any movement which encourages the saving habit," declared Visel today. "The Victory loans and War Savings Stamps initiated the good work. It is now the duty of the banks to continue it. I don't know of any plan which will foster the saving habit better than this Victory Account introduced by the Orange County Trust and Savings Bank."

"I have been looking at it from the angle of the salaried man. I know that he and his family often have been discouraged, not because they shouldn't save, but because their limited means have made saving seem so slow and futile that they simply never began."

"The Victory Account is the solution for the person with that type of mind. The wage earner knows that the money is constantly accumulating. He knows if he should suddenly die, no matter how little money he has in that account, his balance is increased to \$500 or \$1000. Moreover, he knows at the end of ten years he can get \$500 or \$1000. If he wants to use money in the meantime, he can either borrow on his Victory Account from the bank, or he can draw out his entire balance. Even if he should get out of a job and be obliged to postpone his deposits, his insurance automatically continues to the end of the deposit year—and he can always arrange to cash up."

"I think it a splendid chance for any person who wishes to save. It should appeal to every person, but it should especially grip the man or woman who works for a living. I believe every employer with the interest of his employees at heart, should bring the Victory Account to their notice."

"In the Victory Account one deposits about \$7.67 a month. At the end of ten years he will have \$920.40 in the bank. With interest added, he will have a balance to his credit of \$1000. When a Victory Account is opened, the depositor or some member of his family is insured, if the insured person should die within a few days, weeks, months or years, the bank calls upon the insurance company to increase the balance to \$1000 at once. One can open as many Victory Accounts as he chooses and insure different members of his family. Accounts may be opened in the name of a child, to save a nest egg to pay for his college course. Should the depositor, pass away, the account will insure the fund for the education of the child. There are many ways in which the Victory Account may be applied as security."

The Fraternal Aid Union will hold its regular meeting Friday evening, Nov. 7, at 7:30. There will be initiation followed by fancy drill. The new state manager, Mr. Stretch, will be with us. All members and visiting members in the city are invited to attend.

Dr. Magill, Osteopathy, Phone 956-W

OIL ACTIVITIES INDICATED BY REPORT

Nineteen New Wells Started In the Last Week of November

The monthly chapter of the Annual Report of the State Oil and Gas Supervisor for September is available for distribution in printed form. Digests of all oil well operations passed upon by the supervisor during the month occupy the usual space and afford detailed information to persons interested in current oil field developments.

The probability of the extension of the old Kern river field is touched upon in a detailed report by R. N. Ferguson, The report more particularly sets forth the causes of and remedies for damages by water in the southwestern portion of the oil field. A broader use and value for the report exists because of the detailed study of geological conditions which is the basis of the report. Copies may be obtained by addressing the State Mining Bureau, Ferry Building, San Francisco.

Oil field operations reported to R. P. McLaughlin, state and oil supervisor, during the week ending November 1, 1919, show 19 new wells started, as compared with 16 during the previous week. The total new wells this year is 567, as compared with 619 at the same date last year. Tests for water shut-off this week numbered 22, as compared with 27 during the previous week. Yearly total to date, 967; total to same date last year 1080.

Deepening or redrilling jobs this week numbered 10, as compared with 16 during the preceding week. Total to date this year 688; total to same date last year 670.

Wells abandoned this week numbered 5, as compared with 4 during the preceding week. Total to date this year 191; total to same date last year 131.

Do you want to rent a typewriter? See R. A. Tiernan Typewriter Co., 219 West Fourth street. Phone 137.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Placentia-Richfield Central Oil Company of Placentia, California

A corporation organized under the laws of the State of California, with an authorized capital of \$1,000,000 divided into a like number of shares.

That part of the map set out in black indicates the approximate location of the property of the Placentia-Richfield Central Oil Company. This property has an area of over 40 acres and is located on structure that seems to be in a direct line with the present development and the Company has every reason to anticipate that every acre of this land is oil bearing.

The Los Angeles Examiner of September 28, 1919, said: "The Richfield district—the newest 'discovery' with only four wells 'brought in' as yet—not only eclipses any other field in the state with similar development, but it holds the palm over all other fields in all other states for the mammoth output of its quartet of wells."

"These four wells now produce a total of 155,000 barrels of oil a month." The General Petroleum Company is preparing to bring in a big well opposite our Foss lease, pipe lines are being laid to it and large tanks being erected on the property. When this well comes in our stock will take a big jump. Buy today. We are still selling at 50c per share. In a few days the price goes to 75c per share.

At the close of Monday's business, residents of the Placentia-Richfield Oil fields and immediate vicinity were the freest buyers of this stock. One agent in three hours sold in that vicinity 12,000 shares. The largest buyers of this stock on that day were men actually engaged in the drilling of these great wells and who know the possibilities of this great oil field.

L. A. PLANNING FUND FOR HOME BUILDING

LOS ANGELES, Nov. 7.—Establishment of a revolving fund by the city to be used in financing house-building projects is under consideration by the city council.

It results from agitation by the Los Angeles Rent Payers' League, which claims rent profiteering in Los Angeles is rampant.

Under the proposed plan a charter amendment would be necessary to permit the city to appropriate a sum of money to be used in building houses which would be sold to citizens on the installment plan at a low rate of interest and on long-term payments.

Buying at This Market

—means that you are saving dollars on your month's meat bill. Furthermore you are securing the very choicest of meats, both fresh and cured.

Our markets are supplied from our own packing plant in Orange County. Your money will return to you if spent with a local firm.

Better Buy Heavy Now

Food stuffs continue to advance. We are doing our best to hold them down by buying in large quantities. We mention a few articles that have already been advanced and you would do well to lay in an adequate supply before we are compelled to raise our prices.

Flour has advanced 50c a barrel this week and another raise is expected next week. Milk, shortening, soap are also going to advance. We have little Hebe milk left at \$5.75. Libby's at \$6.50. Any other kind you want at \$7.10. For Saturday we retain our old prices on Crisco, but we will be compelled to advance it soon as we are now selling at the present wholesale prices.

Better put in a case of Ben Hur Soap at \$6.10. The wholesale price now is \$7.00. Save your sugar and use syrup. We have a supply of fifteen different kinds and you know our prices are right. You ought to buy some two-minute oatmeal now.

Watch for our report on the advertising contest and the announcement of the prize winners. It will appear in Tuesday evening's Register.

PRISON IS HOME FOR MANY HUN FAMILIES

BERLIN, Nov. 7.—Almost anything will serve for a home in Berlin now, from a hotel bathroom to a prison. In fact, the Milkenmarket prison has been slightly renovated, and its cells are now the rooms of a number of happy families. And, as for hotel bathrooms, they draw just as good prices for sleeping accommodations as a good room in view of the extreme overcrowding here.

SKULL FRACTURED, MAN SHOWS IMPROVEMENT

FULLERTON, Nov. 7.—Herbert L. Blakeslee, who was injured when struck by an automobile Saturday evening on South Spadra, near Orange, sustaining a fracture of the skull, is still in a critical condition, although he shows some signs of improvement today. City Marshal

Myers is still working on meagre clues in the hopes of locating the parties who brought him to the hospital in their automobile that he might question them with the view of securing details of the accident. The many friends of the injured man are greatly interested in the outcome of his injuries.

LET US MOVE
YOUR HOUSE-
HOLD GOODS.

Now is the time to arrange for having your household hold goods moved. Don't put off until the last moment as you are liable to be delayed and disappointed. We are booking moving orders every day. Let us estimate on your load. Our price the lowest and our service the quickest and most reliable. We employ only trained movers and packers who will handle your goods with care.

Phone 68 or write for an estimate. It won't obligate you or cost you anything to find out what the cost will be.

SANTA ANA COMMERCIAL CO., TRANSFER AND TRUCKING
1105 East Fourth St.

IN OUR JUDGMENT

Mellilotus Clover will work untold benefit to the walnut grove. We are rapidly reaching the planting time. Have you purchased your seed for this fall?

We believe that Mellilotus (dry weight) will give you as much manual value as lima bean straw or alfalfa hay. You can figure it as being worth at least Fifteen Dollars a ton on your grove. We believe that Mellilotus, in conjunction with horse or cow or poultry manure, will completely solve our fertilizing problem.

\$2.40 an acre for elegant seed—20 pounds per acre—is your principal cost.

WESTMINSTER HAPPENINGS

WESTMINSTER, Nov. 7.—Rev. W. T. Wardle will take for his subject next Sunday morning, "Finding the Angel of Repose," and in the evening, "The Book of Holiness."

Rev. J. S. Willmarth will preach at 10 a. m. Sunday morning at the M. E. church from the text, "Our Heritage," and at 7:30 Sunday evening on "The Glory of Being Ready."

J. L. Hughes is plowing his ranch with an International Harvester Co. tractor, recently purchased. A gang of Japanese began setting out cabbage plants on his place this week.

While Mrs. H. B. Anderson was in Santa Ana Saturday assisting her mother in moving, her brother, Frank Phillips, who lives near by, came home, having sustained severe bruises in falling from a tree while at work for the Edison Company. It was thought that while climbing he hurt his hand which was cut the night of the fire when he thrust it through a window and which required three stitches to close. This caused him to lose his hold and fall to the pavement, striking his head, elbow and knee with great force. Ten stitches were taken in his forehead and four in the elbow, making seventeen with those in his hand. Phillips formerly resided here.

Mrs. G. E. Francis received two telegrams the last of the week telling of the serious illness of her father, Mr. Beiter, at his home in Cowles, Neb. This week Tuesday she received a message containing the sad news of his death. He leaves a widow, three sons and two daughters. He came from Pennsylvania and was a member of the Society of Friends.

Mrs. Katie Upson and daughters Mrs. Campbell, and little daughter, and Miss Marguerite Upson, called Sunday at the W. J. Edwards home. They motored up from Fallbrook and visited from Friday till Sunday with Mrs. Upson's aunt, Mrs. B. A. Hazard.

Mr. and Mrs. Eugene Edwards, Mrs. Culp and daughter, Helen, of Springdale district spent Sunday afternoon and evening with his parents, Mr. and Mrs. W. J. Edwards.

Mr. and Mrs. W. J. Edwards made a trip to Long Beach Sunday to see their daughter, Mrs. J. W. Stufflebeem.

Andrew Mefford purchased a new 1920 Maxwell last Saturday.

A. D. Baker is the owner of a new Chevrolet.

Mr. and Mrs. Andrew Mefford and daughter, Cora, and Mrs. J. Cunningham were guests of John Reeder and family Sunday and attended the Salvation Army Sunday school in the afternoon held in Santa Ana in the Register building.

Mr. and Mrs. E. P. Baker were the recipients of a call on Wednesday of last week, from three Europeans, Guy Dail from Switzerland, Mr. Phierra

from Paris, and Dr. Gernhardt from Germany. They sailed on September 25 and have been attending a Seventh Day Adventist conference at Boulder, Colo. They are touring California, and expect to sail for Europe November 12. Mrs. Baker was for seven years a nurse in the same sanitarium with Dr. Gernhardt.

Mrs. Winnie Ward and daughter, Bernice, visited with her cousin, Mrs. Lloyd Edwards, from Tuesday afternoon till Friday. Mrs. Edwards met them at Seal Beach.

Mr. and Mrs. H. Penhall moved Thursday into the Methodist parsonage and on Monday J. R. Cavanah, his son-in-law, and daughter, Mr. and Mrs. Knapp and 2-year-old son moved back to the Cavanah home just vacated by the Penhalls.

Mrs. Herbert Moss and two daughters and Mr. Moss' mother, Mrs. M. Moss, of McKittrick, called Monday afternoon at the R. E. Larter home. They spent Monday night with the family of George Finley, brother of Mrs. Moss.

Mrs. J. F. Patterson returned Monday from a week's visit with Mrs. Stewart Patterson at Santa Fe Springs.

The annual praise service of the Woman's Missionary Society of the Presbyterian church will be held at 2 p. m., Friday, November 14, at the home of Mrs. R. E. Larter.

Mr. and Mrs. Harry Williams and 6-month-old baby of Los Angeles and Mr. and Mrs. Lloyd Edwards and children were guests of Mr. and Mrs. O. J. Day Sunday.

Mr. Aitken has sold out to a Mr. Hill from Oregon for \$9000. This was formerly known as the Maganety place.

Messrs. Martin and Esteve have added four cows to their dairy this week. They have sold two of their poorer cows to the butcher and now have a herd of forty-six dairy cows.

Rev. W. T. Wardle spent Monday and Tuesday in Los Angeles.

Edward Maes and oldest son returned home Monday from Raitt's dairy, where they had been employed.

Andrew Mefford finished work on the American beet dump Friday.

A good representation from this place attended the entertainment at the high school Friday night when amusing stunts were given by each of the classes. The cake was awarded to the Junior class, which purchased two gallons of ice cream and shared it with the faculty and judges.

The members of the Junior class from this vicinity are Misses Marguerite Wright, Velda Barnes, Florence Kerr and Fern Byram.

Miss Bertha Dickey attended the Sunday school convention at Anaheim Thursday and Friday.

A. D. Skinner began setting out cabbage plants on Wednesday.

were the subject of study for the afternoon. The hostess served dainty refreshments.

Mrs. French is expecting a visit from her niece and nephew, Mr. and Mrs. Ford Oldham, from Nebraska on Saturday.

Mrs. Louis Hillyard, a former Tustin resident, was entertained at dinner by Mrs. French on Wednesday.

Mr. and Mrs. Will Wendelkin have sold their home on Prospect avenue and will move to a house on Valencia street, Santa Ana.

Mrs. Evelyn Lawrence, who has been living at the Browning ranch, moved into her new home recently purchased on D. street.

Miss Minnie C. Childs gave an address on Art at the meeting of the East Newport Ebel this afternoon. Miss Childs, who is chairman of Art for Orange county, was entertained at luncheon by Mrs. Crozier of East Newport.

Mr. and Mrs. Jasper Leck will entertain a number of friends on Saturday at their Arch Beach cottage in honor of the birthday of their daughter, Miss Zena Leck.

Dr. J. A. Linkenfelder and Dr. Cecil Steiner of Los Angeles were guests of Mr. and Mrs. F. T. Preble at the weekend.

Tustin growers will be given interesting reports from the state conference of farm bureaus next Friday evening at 7:30 in the school auditorium. H. B. Woodruff will report what the new farmers' federation expects to do. A. N. Nathan, university demonstrator, will give a chart lecture on farm bookkeeping.

LOCAL MEN ORGANIZING TO DRILL AT RICHFIELD

The new Placentia-Richfield oil field is fast coming to the front. The development taking place in this field is tremendous, both in the great amount of money being spent there by the biggest and oldest oil companies and by new companies that have been organized and are being financed by local capital to drill wells in this field on valuable leases held by them. One of the newest ventures is incorporated under the name of the Placentia-Richfield Central Oil Company. This company was incorporated under the direction of Attorney J. C. Burke of Santa Ana. He and C. E. McFadden, president of this new company, were employed together by the Petroleum Development Company about twenty years ago, and after a number of years devoted to the business of developing oil, engaged in other lines of endeavor and have again associated themselves together at attorney and organizer for this new company. Both men are well known throughout Orange county. The other organizers of the company are M. McFarland Johnson of Los Angeles, a retired banker from Maine; E. C. Hazard, formerly cashier of the Placentia National Bank; N. Durkee, formerly connected with the Santa Fe Railroad, and now engaged in the real estate business in Anaheim; and George F. Collins, for the past four years secretary and treasurer of the Yorba-Linda Water Company, secretary and treasurer of the Placentia-Richfield Central Oil Company.

LOST—Between Fairview, Harper and Santa Ana, lady's black leather handbag, containing various articles and quite a sum of money. Reward. Return to Register office.

SHE WANTS WHOLE WORLD TO KNOW ABOUT IT

Mrs. Meyers Gains Twenty-One Pounds Taking Tanlac—Troubles End

"I have gained twenty-one pounds actual weight since I commenced taking Tanlac, and the troubles that have been causing me to suffer for ten long years have been completely overcome," said Mrs. Merthe Meyers, who lives at Lankershim, Cal., while in the Owl Drug Store in Los Angeles the other day.

"When I think of the great good Tanlac has done me," continued Mrs. Meyers, "I actually yearn to tell everybody in the world about it, especially those who suffer as I did. I had an aggravated case of stomach trouble which had been pulling me down for years and finally gotten the best of me. My condition was so bad for a long time that I had to live on a milk diet, and never dared touch anything else. Even this light diet would cause gas to form and I would be perfectly miserable for hours afterwards. My nerves were in terrible condition, and it was out of the question for me to get a good night's sleep. My husband spent hundreds of dollars for medicine and treatments, but I just kept on going down hill all the time. Specialist after specialist treated me, and one by one they told me that my case was hopeless. I was so blue and discouraged over my condition that I just felt like giving up altogether."

"I was looking over the paper one night and I noticed a statement about Tanlac, and when I told my husband that I had a notion to try this medicine, he laughed and said, 'Well, I don't suppose it will hurt you, anyway, and if you want to try it I will get you a bottle.' Well, I commenced taking Tanlac then, and to my great surprise I felt a change for the better before I had finished that first bottle. Of course I bought more Tanlac, and when I had finished the second bottle my appetite had come back, and for the first time in ten long years I could eat a hearty meal without suffering afterwards. I have just finished my fifth bottle and I can truthfully say that I am as well and strong as I ever was in my life. We own and live on our own ranch, and I am going right ahead putting up my fruit all by myself. I never have a sign of stomach trouble or indigestion, and I can eat just anything I want. My nerves are in perfect condition, and oh! how I do enjoy the sweet, restful sleep I get every night. I really don't see how my health could be any better, and as sure as I stand here now, I owe it all to Tanlac. I am under everlasting obligations to this wonderful medicine, and feel it my duty to give this statement so that I may help others who suffer as I did."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson, in Laguna Beach by Laguna Beach Pharmacy and in Seal Beach by Wm. S. Templeton.—Adv.
